

Bill No. 85 of 1950.

A BILL TO PROVIDE FOR SURVEYS OF THE
BOUNDARIES OF THE PROVINCE.

NOTE.

This Bill enacts a new Act to be known as "*The Boundary Surveys Act*". The Bill enables the Government of Alberta to participate in any survey and demarcation of the boundary line between the Province and any adjoining province or the North-West Territories.

The Lieutenant Governor in Council is authorized to enter into any arrangement or agreement with the Government of Canada or of any adjoining province relating to the survey and demarcation of the boundary line. The Bill authorizes a portion of the cost of the survey to be borne by the Province and also authorizes the appointment of a Boundary Commissioner to represent Alberta on any Boundary Commission.

Expenditures incurred under the Act are payable out of moneys appropriated by the Legislative Assembly and in default of any appropriation out of the General Revenue Fund.

The portion of the interprovincial boundary line between Alberta and British Columbia from the north boundary of township 97 to the north-west corner of the Province has not been surveyed and marked on the ground. This is also true of the major portion of the boundary line between Alberta and the North-West Territories. It is proposed that the boundaries should be surveyed and marked on the ground to provide control points for aerial photographic mapping and to define the limits of provincial jurisdiction with respect to petroleum and natural gas development in the north-west part of the Province.

The Bill is made retroactive to the thirtieth of November, 1949, on which date two orders in council were passed in connection with the survey of these boundaries.

KENNETH A. MCKENZIE,
Acting Legislative Counsel.

(This note does not form any part of the Bill but is offered in explanation of its provisions.)
