

Bill No. 113 of 1953

A BILL TO AMEND THE SCHOOL BUILDINGS
ASSISTANCE ACT

NOTE

This Bill amends *The School Buildings Assistance Act*, being chapter 81 of the Statutes of Alberta, 1952.

Section 2 is amended for the purpose of excluding from the definition of "school building" the site and equipment for the school building as in some sections that expression will now mean the building alone.

Section 5 is amended. This amendment is made necessary by the change in the definition of "school building".

Section 6 is struck out and substituted. Section 6 is made the section authorizing approval for assistance by way of grant and is placed in Part II of the Act dealing with grants.

Section 7 is amended by substituting new subsections (1), (1a) and (1b). Subsection (1) authorizes a grant to school divisions based upon standard classrooms and other instructional rooms in the school building approved for assistance. The board approves types of classrooms as standard classrooms and prepares a schedule of instructional rooms in which such rooms are equated to standard classrooms. The schedule is approved by the Lieutenant Governor in Council and will form a guide for grants for instructional rooms. The grant will be not more than four thousand dollars for each standard classroom and instructional room as equated to standard classrooms.

Section 8 is amended. Subsection (1) is amended because of the change in the definition of "school building". Subsection (2) is struck out and substituted. The new subsections (2) and (3) provide for approval of assistance by way of a loan and authorize a loan up to forty per cent of the estimated cost of the school building, site and equipment.

Section 12 is amended. The amendment to subsection (1) is made necessary by the changes made in the Act by the preceding amendments in this Bill. Subsection (2) is amended to provide that the guarantee by the Province of the interest on certain school borrowings continues on the interest accruing after the maturity date of the school debenture.

Section 13 is struck out and a new section substituted. The new section authorizes an additional loan or grant if there is a subsequent modification of plan or cost.

This Bill comes into force on the 1st day of January, 1954, except for certain provisions which come into force on the 1st day of April, 1953.

J. W. RYAN,
Acting Legislative Counsel.

(This note does not form any part of the Bill but is offered in explanation of its provisions.)
