## **Explanatory Note**

Under the terms of the present Tax Rental Agreement with the Government of Canada the collection of the taxes imposed under The Pipe Line Taxation Act and The Electric Power Taxation Act (in the latter case on works and transmission lines outside cities, towns and villages) is suspended. The suspension relates only to the subsection imposing the tax, so that the later provisions commanding an assessment are unaffected. In itself the assessment serves no useful purpose and this Bill would allow the Director of Assessments to cease assessing under such Acts while the Tax Rental Agreement or any similar substitute rental agreement is in force between the Governments concerned.
