## **BILL 16**

A Bill to Correct Errors of Revision, References, and  
otherwise in the Statutes

---

HON. MR. MANNING

---

## Explanatory Note

**2.** The words here being removed were added by the revision of 1942 and inadvertently extended the provision into an area provided for by the secured maintenance power given the Courts in section 23 of this Act. The words added by the revision are being removed so that the provision will relate to the matters covered prior to February 15th, 1943. Section 21 presently reads:

"21. An order or judgment for alimony, whether interim or otherwise, or for maintenance may be registered in any land titles office, and the registration so long as the order or judgment remains in force,

- (a) binds the estate and interest of every description that the defendant has in any lands in the land registration district where the registration is made, and
- (b) operates thereon in the same manner and with the same effect as a registration of a charge by the defendant of a life annuity on his lands."

**3.** In revising section 29, subsection (1), one of the periods after which a writ of execution is to be disregarded was incorrectly set forth in clause (c). Prior to the revision the subsection required that a writ be disregarded "after the expiration of twelve months from the date of the delivery of the last statement—made pursuant to section 28 or after the delivery (to the sheriff) of a notice in writing by the creditor or his agent setting out the amount leviable thereunder—". The first part appears as clause (b) of the revised section 29, subsection (1) and the second appears as clause (c) but without being related to the twelve month period. This is here being corrected.

**4.** These two provisions relate to the reservation of timber and the appointment of the chief fire guardian, respectively, in settlement associations. The reference therein to The Public Lands Act should be to The Forests Act.

**5.** This amendment corrects a typographical error in the reference within subsection (3), which presently reads:

"(3) Where the construction of a gas line, oil line or secondary line is not commenced or completed by the date prescribed under section (2) the Minister may cancel the permit."

**6.** To prevent a different interpretation applying in the interim since the revision of 1955, the correcting sections are made retro-active.
