Assistance Act

---

HON. MR. MCKINNON

---

---

## Explanatory Note

**1. The University and College Assistance Act, Statutes of Alberta, 1964, chapter 102, amended.**

**2. Section 2, clauses (a) and (b) presently read:**

- (a) "full-time student" means
  - (i) an undergraduate student who is registered for courses constituting a normal full-year's program as defined for fee assessment purposes, and
  - (ii) a graduate student who is registered for a program of studies equivalent in courses and research to not less than three full graduate courses;
- (b) "private junior college" means a college other than a public junior college, situated within the Province, which is in affiliation with the University of Alberta and which offers instruction to twenty-five or more full-time students in courses for which credit is given by the University of Alberta towards a degree;

The definition of "full-time student" is removed as it is appropriate to university students only. Its content is enacted as part of subsection (1) of Part A of the Schedule: See note to clause 5 of this Bill.

The definition of "private junior college" is re-enacted as the result of the removal of the definition of "full-time student".

**3. Section 5 presently reads:**

- 5. (1) Subject to the provision of funds therefor by the Legislature, there shall be paid to each public junior college in each year
  - (a) for each full-time student enrolled in university courses on the first day of December in that year, a sum to be determined pursuant to Part B of the Schedule, and
  - (b) for each full-time student enrolled in courses recognized by the Government of Canada pursuant to the Technical and Vocational Training Agreement and for the support of other courses which may be offered by the college, such sums as may be prescribed by the Lieutenant Governor in Council.
- (2) Payment may be made in instalments at such times during the year and in such manner as may be determined by the Provincial Treasurer.

The new section 5 has the effect of permitting the extension of assistance to a public junior college in respect of all students taking full year's courses and also those whose courses last more than three and less than eight months, the normal length of full courses.
