Explanatory Notes

1. This Bill will amend chapter 70 of the Statutes of Alberta, 1975 (Second Session).

2. (a), (b) and (c): Section 1(1) (a), (e) and (m) presently read:

1. (1) In this Act,
 - (a) "Alberta cost of service" with respect to any gas or the movement of any gas means the costs and charges, wherever incurred,
 - (i) that are attributable to the acquisition of the gas by the original buyer, except the contract field price or the regulated field price, whichever applies,
 - (ii) that are associated with the movement and metering of the gas in Alberta,
 - (iii) that are related to any processing required to cause the gas to become marketable gas or that are otherwise related to the supply of the gas, and
 - (iv) that consist of interest or other costs which, under a contract entered into prior to November 1, 1975, were recoverable by the original buyer from the price at which he sold the gas, or any portion of those costs or charges, as prescribed by or pursuant to the regulations;
 - (e) "designated officer" means an officer of the Department of Energy and Natural Resources or
 - (m) the "regulated field price" of any gas means the regulated field price of the gas determined in accordance with section 9.
- (d) The new subsection (1.1) will interpret "month" in accordance with standard invoicing practices in the gas industry.
- (e) This amendment will make the language in section 1(4)
 - (a) consistent with The Gas Utilities Act.

3. The new section 4.1 provides for the furnishing of information on request.

- (a) the determination of any Alberta cost of service, or
- (b) transactions under which price adjustments are paid or are required to be paid, or
- (c) transactions under section 15.

4. *Section 5 is amended*

- (b) *by adding the following clauses after clause (c):*

4. Section 5(a) presently reads:

5. The Lieutenant Governor in Council may make regulations
(a) for the purposes of section 1, clause (a);

The deletion of clause (a) is a consequence of the amendment to section 1(1)(a) of the Act: see section 2 (a) of this Bill.

If regulations are made under the proposed clause (c.2), the producers may nevertheless be entitled to apply for payment from the Natural Gas Price Administration Act Fund or an amount equal to the price adjustment.

5. Section 7 presently reads:

7. Any Alberta cost of service prescribed, determined or estimated pursuant to this Act or the regulations applies notwithstanding any order of the Public Utilities Board under The Gas Utilities Act.

The amendment here is complementary to the amendments to section 1(1)(a) and section 5 being made by sections 2 (a) and 4 of this Bill respectively.

6. (a) References to "designated officer" are being removed from the Act. The only functions of the designated officer are to make estimates to the Alberta cost of service under sections 9(2)(a) and 3(a) and section 15(3)(b)(i) of the Act. The Minister will be empowered to make these estimates as a result of the amendment but he may delegate that function under section 3 of the Act.

(b) The proposed subsection (4) will allow for the determination of the regulated field price by regulations under section 5 of the Act in cases where gas is sold more than once in Alberta.

(c) Where an agreement is made under the proposed subsection (5), the producer may nevertheless be entitled to apply for a payment from the Natural Gas Price Administration Act Fund of an amount equal to the price adjustment.

from the payment of price adjustments under this section.

7. Section 15, subsection (3), clause (b), subclause (i) is amended by striking out the words "designated officer" wherever they occur and by substituting the word "Minister".

8. This Act comes into force on a date to be fixed by Proclamation.

7. See the note to section 6(a) of this Bill.
