

BILL

No. 89 of 1921.

An Act respecting Areas situate along the Borders of the Province.

(Assented to 1921.)

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Alberta, enacts as follows:

1. In this Act, unless the context otherwise requires,—
“Approved district” shall mean any district which, or the trustees of which, is or are a body corporate under the provisions of a Statute of the province, and which is expressly approved by the Lieutenant Governor in Council as being entitled to take advantage of the provisions of the Act;

“Council” shall include the Minister of Municipal Affairs;

“Institution” shall mean any hospital, school, library, show buildings or other building of any nature whatsoever which in the opinion of the Lieutenant Governor in Council is likely to be of general benefit to the inhabitants of an approved district;

“Municipality” shall mean any city, town, village, municipal district or improvement district.

2. In the case of a municipality or any approved district adjoining any part of the boundary line between the Province of Alberta and any other province of Canada, the council or board of such municipality or district may make arrangements with the authority governing the local affairs of any part of such last mentioned province or governing any institution situated outside the province for the extension to or to the inhabitants of the said municipality, district or any part thereof, of the benefits of any institution, works, construction, improvement or service by any of the said authorities or for a like extension of benefits to any of the said authorities by the said municipality or district or any part thereof.

3. When any such agreement has been entered into the council or board entering into the same shall present to the Lieutenant Governor in Council a scheme providing by taxation, issue of debentures or otherwise, a method of raising any money stipulated for under the terms of the

said agreement and containing such other provisions as may seem necessary or proper to the effectual carrying out of the intent of this Act.

Provided always that no greater rate of taxation shall be imposed upon any of the inhabitants of the Province of Alberta, or upon property within the said province, than could be imposed if the institution, works, construction or service aforesaid had been provided under the law of the said province, apart from the provisions of this Act.

4. Any such scheme shall be published once every week for four weeks in a newspaper in general circulation in the municipality or district concerned and thereafter may be approved by order in council by the Lieutenant Governor in Council with or without modification thereof, and upon such approval being published in The Alberta Gazette, the said scheme shall have effect, according to the terms thereof and of the said order in council, as if it had been set forth in this Act.
