FIFTH SESSION

FIFTEENTH LEGISLATURE

THURSDAY, FEBRUARY 9, 1967

This being the First Day of the Fifth Session of the Fifteenth Legislative Assembly of the Province of Alberta, for the despatch of business pursuant to a Proclamation of His Honour the Honourable J. W. Grant MacEwan, Lieutenant Governor, dated the eighth day of December in the year of our Lord, one thousand nine hundred and sixty-six.

The Clerk of the Legislative Assembly read the Proclamation as follows:

PROCLAMATION

[GREAT SEAL]
CANADA
PROVINCE OF ALBERTA

GRANT MacEWAN,
Lieutenant Governor.

ELIZABETH THE SECOND, by the Grace of God, of the United Kingdom, Canada and Her other Realms and Territories, QUEEN, Head of the Commonwealth, Defender of the Faith

PROCLAMATION

TO OUR FAITHFUL, the MEMBERS elected to serve in the Legislative Assembly of Our Province of Alberta and to each and every of you. GREETING . . .

A. J. HOOKE,
Acting Attorney General.

} WHEREAS it is deemed
expedient for certain
causes and considerations to
convene the Legislative As-
sembly of Our Province of
Alberta, WE DO WILL

that you and each of you, and all others in this behalf interested, on THURSDAY, FEBRUARY NINTH, A.D. 1967, at the hour of THREE o'clock in the afternoon, at Our City

of Edmonton, personally be and appear for the despatch of business, to treat, act, do and conclude upon those things which, in the Legislature of Our Province of Alberta, by the Common Council of Our said Province, may, by the favour of God, be ordained.

HEREIN FAIL NOT.

IN TESTIMONY WHEREOF WE have caused these Our Letters to be made Patent, and the Seal of Our Province to be hereunto affixed.

WITNESS: The Honourable J. W. GRANT MACEWAN, Lieutenant Governor of Our Province of Alberta, in Our City of Edmonton, in Our Province of Alberta, this 8th day of December, in the Year of Our Lord, One Thousand, Nine Hundred and Sixty-six and in the Fifteenth Year of Our Reign.

BY COMMAND:

A. HOLOWACH,
Provincial Secretary.

Mr. Speaker entered the Assembly and took the chair.

His Honour the Honourable the Lieutenant Governor entered the Assembly and took his seat on the Throne.

His Honour then read the following Speech from the Throne:

MR. SPEAKER AND MEMBERS OF THE
LEGISLATIVE ASSEMBLY:

It is my privilege and pleasure to welcome you to the Fifth Session of the Fifteenth Legislature of the Province of Alberta.

The year 1967 is of special significance as we join with fellow Canadians from sea to sea in celebrating the centennial of the Confederation of the Provinces of Canada. Many activities and projects to fittingly commemorate this historic anniversary have been planned throughout our Province and my Government commends to all Albertans active personal involvement in this national celebration so that 1967 will be truly a year to remember and a fitting beginning to Canada's second century of progress.

My Government's major centennial project, the Provincial Museum and Archives, will be officially opened later this year. Many other new cultural and recreational facilities built by municipal governments with assistance provided under the Federal-Provincial Centennial Grants Program will contribute new enrichment to our Canadian way of life. Special centennial projects include: The Confederation Train; the Confederation Caravan; The Voyageur Canoe Pageant; Festival Canada; The Armed Forces Tattoo, and the University Second Century Week.

Alberta Performing Arts on Tour, including Symphony Orchestras, Ballet, Folk Arts and Theatre, will highlight Cen-

ennial Year for many of our smaller communities. To further enrich the festive occasion, many private individuals, associations and business firms, have planned their own projects and celebrations.

In keeping with the commencement of Canada's second century of progress, my Government will initiate this year a comprehensive program of human resources development and conservation. To this end, you will be asked to approve legislation creating a human resources authority to co-ordinate and supervise programs pertaining to human resources development. A Bill will be introduced establishing a Human Resources Research Council, whose functions will embrace educational research and related spheres pertaining to the intellectual, cultural and social progress of society. While educational research will be one of the major disciplines receiving the Council's attention, it will also be involved with such social sciences as economics and sociology.

An integral part of the human resources development program will be the work of the Department of Youth, established in July 1966. Amendments will be proposed to The Department of Youth Act, providing for the establishment of an advisory committee of young people and adults to give direction for future development of departmental programs.

A Recreation Development Act will be introduced to permit the expansion of present recreation programs and to broaden the base of both individual and team participation. Recreation area consultants and regional 4-H specialist assistance will be increased to support district youth representatives and recreational directors working throughout the Province.

Special studies are proposed in the area of senior adolescents and young adults for the purpose of examining the needs of this segment of society and developing programs which will effectively meet these needs.

Community development projects will play an important role in human resources development and special attention will be paid to the needs and problems of our citizens of Indian ancestry.

Alberta's basic industry, agriculture, experienced a record year in 1966 with total income exceeding that of 1965 by almost one hundred million dollars. Favorable livestock prices, combined with above average crop yields, were the major factors responsible for increased farm income but the basic problems confronting Canadian agriculture remain largely unsolved. Farm operating and capital costs continue to increase at a more rapid rate than average farm incomes with the result that many farm units are no longer economic operations.

Notwithstanding these disabilities, the rapid growth in world population is creating increased demand for food products and will ensure greater stability and more equitable prices for agricultural production in the future.

The greatly increased food production necessary to meet future world requirements gives to agriculture a unique status and imposes an inescapable onus on those areas capable of producing the basic food products essential to human survival.

My Government has instituted programs to provide increased laboratory services and more scientific research for livestock producers. Increased attention is being given to the business management aspects of agriculture and to problems relating to the production of cereal and forage crops, economics and marketing.

Funds will be requested to support an expanded program of water resources evaluation, development and conservation.

My Government will appoint a special committee to enquire into all phases of agricultural extension carried out by various government, educational, industry and producer agencies, and to recommend such changes as may be deemed necessary, in order to integrate, co-ordinate and administer existing and future programs to best serve the interests of the farm people of Alberta.

In line with recommendations of the Special Committee on Administrative Boards and Tribunals tabled at the last regular session, Bills will be introduced to provide a right of appeal to the Courts for compensation orders of the Board of Arbitration under The Right of Entry Arbitration Act and also to provide a right of appeal to the Courts from orders for the performance of work issued under The Surface Reclamation Act.

Implementing a further recommendation of the committee, a Bill will be introduced to establish the office of a Provincial Ombudsman. A committee of the Legislature will be established during the current session to recommend to the Assembly a qualified individual for appointment by the Assembly to this important office.

In the field of education, a third university campus for Alberta, situated in Lethbridge, has been approved by my Government during the past year. Plans are being prepared for the establishment of a fourth campus to be located in the Edmonton area.

You will be asked to approve substantially increased appropriations for the Provincial Foundation Program Fund and to meet higher university operating costs. Revisions have been made in the Foundation Program to help offset the rising construction costs of public and high schools throughout the Province.

Assistance will be extended to local agencies to carry out certain pilot projects in educational television, including the establishment of an educational television station at Edmonton and a closed circuit in Calgary. Experimental educational television also will be carried out in at least three Counties and Divisions. Programs are being prepared to upgrade instruction in smaller high schools as part of an overall effort to maintain equality of education for Alberta's rural children.

The report of the Legislative Committee appointed at the last regular session to study school centralization will be tabled during the present session.

In the field of public health, my Government will place before you legislation to improve and simplify the subsidized health care insurance provided under the Alberta Health Plan.

A comprehensive study of mental health facilities already under way will be continued with the objective of developing a master plan for each mental hospital so that complete modernization of wards and treatment facilities may be achieved in an orderly manner.

Construction will begin this year on a modern admission building at the Alberta Hospital, Edmonton; a new infirmary building at the Alberta Hospital, Ponoka; and a nursing staff residence and occupational and recreational therapy building at the Alberta Hospital, Claresholm.

In keeping with my Government's policy in providing regional mental health facilities, construction will be started this year on the Alberta Hospital, Calgary, which is designed as a community mental health centre to provide comprehensive out-patient and residential treatment services for both children and adults. Plans also will be developed for a mental health centre to be built at a later date in the City of Lethbridge.

The Division of Sanitary Engineering will be renamed the Environmental Health Services Division, in recognition of the growing importance of the over-all environment involving air, water, and soil in our increasingly urbanized and industrialized society.

Programs for water pollution control will be expanded, including the provision of a continuous sampling and analyzing station for use in assessing the degree of water pollution in rivers.

The air pollution control program is being enlarged to provide for detailed assessment of atmospheric conditions with particular attention to the metropolitan areas of Edmonton and Calgary.

In the field of alcoholism preventive and treatment services, a more comprehensive public information and educational program will be undertaken and in-patient treatment facilities will be provided to assist in the rehabilitation of those requiring more intensive care.

The Preventive Social Services Act, passed at a previous session of this Assembly, has been favorably received by municipal authorities and an encouraging number of preventive social service programs are being undertaken.

The Department of Public Welfare will extend its activities in this area with emphasis on the preventive approach and the encouragement of self-help for actual and potential welfare recipients.

An amendment to The Public Welfare Act will be introduced to simplify the determination of residence to establish jurisdictional responsibility for welfare recipients.

During the past year a special committee was appointed to examine the feasibility of the consolidation of various statutes pertaining to municipal administration. The committee, after consultation with municipal authorities and with the Provincial-Municipal Advisory Committee, has reported that such a consolidation is both feasible and desirable. A comprehensive statute consolidating legislation relating to municipalities, accordingly will be submitted for your consideration.

My Government proposes to refer this Bill to the Committee of the Whole Assembly to afford an opportunity for interested municipal authorities to make such recommendations as they deem desirable.

My Government will recommend, following the Committee hearings, that the Bill not be enacted into law until the next session of the Legislature, to afford all interested parties an opportunity to become thoroughly familiar with its provisions and to permit such amendments, as may be approved, to be prepared.

Amendments to The Municipal Financing Corporation Act will be submitted for your consideration, together with a Bill for a new Act authorizing the Government to make loans to Municipalities to assist in the acquisition of land for the development of freeways and expressways and for urban renewal.

Amendments to a number of other Statutes affecting municipal administration will be placed before you for your approval.

Amendments to The Game Act will be submitted for your consideration to permit a person to be classified as a resident after residing in the Province for a period of three months prior to the date of his application for a license.

The Legislative Committee on Commercial Fisheries has recommended policy changes which will be made during the ensuing year. The McIvor Commission Report on the Inquiry into Freshwater Fish Marketing has been considered and my Government supports, in principle, the establishment of a Fish Marketing Board.

A major assessment of the potential of our provincial parks will be made during the ensuing year and development of the Tillebrook Provincial Park will be commenced.

A quota system for the continuous yield harvesting of Alberta forests has been adopted and will result in an increase in marketable lumber of approximately one hundred million board feet, partly due to the utilization of timber stands in northern Alberta not previously considered economical. In the future, reforestation will be required in all areas considered permanent forest land where timber is cut under either the quota or lease system.

Five new grazing reserves will be developed during the coming year and three additional reserves are in the planning stage.

Your approval will be sought for a new Power Commission Act, which, in addition to the provisions of the present Act, will bring about uniformity in power corporation accounting and reporting and clarify the Commission's powers to regulate power companies.

The Alberta Government Telephones will carry out an extensive capital development program during the ensuing year, including the conversion of 41 exchanges to dial operation and an enlarged program of underground cable telephone service to bring to rural communities a communication system comparable to that enjoyed in urban areas.

Substantial funds will be requested for the construction of essential public buildings, including extensive additional facilities at the University of Alberta, Edmonton, and the University of Calgary.

Construction of new institutional facilities for the Departments of Public Health, Welfare, Educational, Agriculture and the Attorney General's Department will be proposed.

A complete revision of The Vehicles and Highway Traffic Act will be submitted for your consideration. A program designed to ensure comprehensive vehicle inspection will be presented for your approval and you will be asked to endorse the principle of reciprocity in granting license plates for vehicles belonging to out-of-province university students whose home jurisdiction grants students from this Province similar privileges.

A further major highway construction program is planned for the ensuing year with emphasis on the conversion of select routes to freeway status where traffic warrants. The final contract has been let to complete the David Thompson Highway to the grading stage between Nordegg and the Banff Park boundary. The Highway Department's program of replacing river ferries with bridges will be continued.

You also will be asked to approve a new program to assist Towns and Villages in street and road construction.

Contracts have been let for the construction of the Alberta Resources Railway to the Smoky River, a distance of 111 miles, of which over 90 miles of grade have been completed and 29 miles of steel laid.

To encourage continued individual development, greater economic diversification and successful adaptation to modern technological progress, greater emphasis will be given to programs designed to advance scientific research.

The Northern Alberta Development Council has continued its active encouragement of northern development and its program for the ensuing year will include the acceleration of road construction in Northern Alberta, the completion of the Sir Winston Churchill Park causeway, the provision of additional air strips and the development of Northern Provincial Parks.

To implement a resolution approved at the last regular session of this Assembly, a Bill will be introduced, providing for the rebate of estate taxes remitted to the Province by the Government of Canada in cases where the deceased was a bona fide resident of Alberta.

A Bill for a new Trust Company Act will be introduced, providing for extensive revision of existing legislation and authorizing more rigid supervision of Trust Company operations.

A Bill for a new Securities Act will be submitted for your consideration, designed to achieve more uniformity in the field of securities legislation across Canada, as recommended by the Federal-Provincial Conference on Securities Legislation.

My Government has explored, with the Law Reform Committee of the Law Society of Alberta, the matter of providing some form of compensation for citizens injured by criminal acts on the part of others or while aiding law enforcement officers in the discharge of their duties. A formal study will be undertaken to determine what is required to best meet this need and the feasibility of implementing such a program in Alberta.

Last year, my Government entered into a new Federal-Provincial policing contract and, since its inception, 51 Municipalities with a population of 1500 or less, have been provided with Royal Canadian Mounted Police services, and three Municipalities, between 1,500 and 15,000 population, have entered into policing contracts.

Construction of the Peace River gaol will be completed during the ensuing year, providing accommodation for 160 persons.

Plans are currently being prepared for a new Juvenile Boys' Institute to be constructed in the Edmonton area.

The report of the Special Legislative and Lay Committee on Preventive Health Services also will be submitted for your consideration.

The Public Accounts for the last fiscal year and the Estimates of Revenue and Expenditure for the ensuing year will be presented for your careful scrutiny and approval.

I leave you now to the business of the session, confident that you will apply yourselves to your responsibilities in a manner that will ensure the best interests of all our people. I Pray that Divine Providence will guide and direct your deliberations.

A. Removal expenses was a major consideration of most applicants.

Q. Was the question of assistance or removal expenses offered applicants at the time of interview, if so, what extent?

A. At time of interview applicants were told only that the matter of removal expenses would be discussed upon the return to Alberta of the recruiting team, and that at least part payment would be recommended.

Mr. Gainer asked the Government the following questions of which he had given notice and which were answered by the Hon. Mr. Halmrast:

Q. How many adoptions have been made of babies to single girls or boys 21 years of age or over?

A. Four adoption placements have been made to single women over 21 years of age, during the year 1966.

Q. How many applications for such adoptions were approved or rejected, if rejected why?

A. Six adoption applications have been submitted from single women and all were approved. Children have been placed with four of these and placements are being planned with the remaining two.

Q. How many adoptions has the Department accepted for babies of unwed mothers?

A. The total number of children placed for adoption in 1966 was 1347. The number of applications to adopt that were approved in 1966 was 1267.

Q. In regard to unwed mothers—how many were under the age of 16?

A. We do not have the exact figure of the number of unwed mothers under the age of 16 years. Please refer to the attached statistical breakdown for 1966, showing the number of unwed mothers 14 years of age and under, and the number from ages 15 to 18 years.

According to Order the Assembly resolved itself into Committee of Supply.

(ASSEMBLY IN COMMITTEE OF SUPPLY)

And after some time spent therein, Mr. Speaker resumed the Chair and Mr. Cooper reported that progress had been made and asked leave to sit again.

Ordered, That the report be now received and that the Committee have leave to sit again.

The Assembly adjourned at 5:30 p.m. to Monday at 2:30 o'clock.

MONDAY, MARCH 6th, 1967

The Speaker took the Chair at 2:30 o'clock.

Mr. Speaker addressed the Assembly in the following words:

The passing of His Excellency Georges P. Vanier, concludes a long and remarkable career identified by many significant achievements. His dedication and personal sacrifice of time and convenience knew no bounds. His loyalty and devotion to Canada and its people were without limitation. His dedication and the personal effort he made on behalf of a united Canada are most significant in this, our Centennial year. I had the distinct honor and privilege of meeting His Excellency on several State occasions, and I was sincerely impressed with his remarkable enthusiasm and the strength of his convictions. On behalf of the Legislature, I extend to Madame Vanier and the members of her family, our deepest sympathy. We will not forget this man, who always believed in, and exemplified

Right over wrong,
Peace over War.

The Honourable Mr. Manning then addressed the Assembly in the following words:

Mr. Speaker, we meet as an Assembly today with a sense of sadness in the loss that our Nation has sustained in the passing of His Excellency, Governor General Vanier, and also I am sure, many of us with a sense of deep personal loss, for certainly all who had had the privilege of knowing this remarkable Canadian personally will feel his loss as something that will affect very many people, and this nation as a whole.

Before being joined by the Leader of the Opposition in proposing a formal Motion of Condolences to Her Excellency Madame Vanier, might I inform the House of two matters:

First, His Honour the Lieutenant Governor has provided me with a copy of a wire received by His Honour this morning from the Under Secretary of State, which is of public interest and importance. It reads:

"Observance of mourning by the public is requested for a period of seven days, ending Sunday evening, March 12th. Funeral Service Basilica Ottawa Wednesday morning, March 8th at 11:00."

I might also advise the House, Mr. Speaker, that yesterday on the receipt of word of His Excellency's passing I forwarded to Madame Vanier a wire of condolences from the Government of the Province, and also to the Prime Minister and Government of Canada.

Further, I am sure all Honourable Members would feel it only right and fitting and the desire of the Members of this House, that we should, as a Legislature, pay our respects to the memory of Governor General Vanier by adjourning this House over Wednesday, the day of the funeral.

It will be my intention on Tuesday afternoon, at the close of the day's sitting, to move adjournment of the House until Thursday and I am sure this motion will meet with the unanimous desire of the House. The House will stay closed on Wednesday, the day of the State funeral.

Perhaps as a matter of public information I might mention that arrangements are being made also for Wednesday to be a school holiday. I think in view of His Excellency's tremendous interest in children and young people, and their affection for him—it is appropriate that this tribute also be added to the others that I have mentioned.

In times like this there is very little that can be added to the expressions of sorrow and regret that have been voiced by so many people across this country in the last twenty four hours, and also by many beyond the bounds of Canada. However it is certainly worthy of our recording in this Assembly that in the late Governor General this country had, in this high position of Her Majesty's representative, a man who was unique in Canadian history. Certainly few men since Canada became a nation, have demonstrated a greater concern for Canadian nationhood, a greater pride in Canadian nationhood, and a more fervent desire that the peoples of this nation, without regard to colour,

race or creed, might unite to make of Canada the great nation that His Excellency envisaged this country to be.

We are all familiar, I am certain, also with his distinguished record as a soldier and in the diplomatic field where his tact, his wisdom and his judgment, made his services invaluable and unique. All of these things, of course, are matters in the records and annals of history.

One of the characteristics of His Excellency was his great heart for humanity as a whole, and this, as the Honourable Members know, led him and Madame Vanier to establish some two years ago an organization to examine into the problem of the homes of Canada with the objective of doing everything possible to strengthen the ties of the home and the family which His Excellency rightly regarded as being of supreme importance in building a great and a strong and enduring nation. In this work alone which was so characteristic of his attitude, this Country will have a permanent memorial that certainly will be of inestimable value to the citizens and the nation of the country as a whole.

And so today, Mr. Speaker, in the sense of sadness and loss, we join with millions of Canadians in paying our tribute to this remarkable, distinguished gentleman and Canadian citizen, and in expressing to his loved ones who are left to mourn his loss, the sympathy that I know is uppermost in the hearts of all of us as we are met here today.

I therefore propose this Resolution, Seconded by the Honourable, the Leader of the Opposition.

Moved by the Honourable Mr. Manning, Premier, and seconded by Mr. Maccagno, Leader of the Opposition:

That the Members of this Assembly, having heard with sorrow of the death of His Excellency, General The Right Honourable Georges Philias Vanier, Governor General of Canada, desire to express their deepest sympathy to Her Excellency Madame Vanier and Members of the family.

Mr. Maccagno addressed the Assembly in the following words:

We mourn the passing of a man who was not only a great Canadian but the perfect Canadian. He served his country as soldier, diplomat and as Governor General. He was equally at home in English-speaking Canada as he was in French-speaking Canada. Indeed, in both languages he was one of the finest public speakers of our time.

He was physically courageous and intellectually valiant.

He expressed a deep concern for our young people, and before his appointment as Governor General, General Vanier took an active part in youth work in the slums of Montreal. Two years ago he and Madame Vanier were the very active sponsors of the Canadian Conference on children. Those familiar newspaper pictures of General Vanier's parties for Ottawa children

at Government House truly depicted his fondness for young people.

He was a man who served his God.

General Vanier brought distinction to the office of Governor General. He was loved by his fellow Canadians and we weep for Madame Vanier and their fine family. They have suffered a grievous loss—so has Canada.

The motion being proposed, Mr. Speaker declared the motion carried unanimously.

Leave to introduce the same having been granted, the following Bill was received, read the first time and ordered to be read the Second time at next sitting:

Bill No. 50—An Act respecting Municipal Government.
(Honourable Mr. Hooke).

The Honourable Mr. Hooke, a Member of the Executive Council, laid on the table of the Assembly:

Annual Report of the Public Service Pension Board, pursuant to The Public Service Pension Act.

(Sessional Paper No. 5).

Fourth Annual Report of the Proceedings of The Public Service Pension Board, pursuant to The Local Authorities Pension Act.

(Sessional Paper No. 80).

According to Order the Assembly resolved itself into Committee of Supply.

(ASSEMBLY IN COMMITTEE OF SUPPLY)

And after some time spent therein, Mr. Speaker resumed the Chair and Mr. Cooper reported that progress had been made and asked leave to sit again.

Ordered, That the report be now received and that the Committee have leave to sit again.

The Assembly adjourned at 5:30 p.m. to Tuesday at 2:30 o'clock.

TUESDAY, MARCH 7th, 1967

The Speaker took the Chair at 2:30 o'clock.

Leave to introduce the same having been granted, the following Bills were severally received, read the first time and ordered to be read the Second time at next sitting:

Bill No. Pr. 1—An Act to amend The Alberta Wheat Pool Act, 1929. Mr. Sayers.

Bill No. Pr. 2—An Act to Incorporate The Board of Trustees of the Edmonton Canadian Native Friendship Centre Building. Mr. Gerhart.

Bill No. Pr. 3—An Act to incorporate Heritage Savings & Trust Company. Mr. Tomyon.

Bill No. Pr. 4—An Act to incorporate Misericordia Hospital. Dr. Geldart.

Bill No. Pr. 5—An Act to incorporate Ste. Anne's Hospital, Hardisty. Mr. Hillman.

Bill No. Pr. 6—An Act to amend The Sisters of the Precious Blood of Edmonton Act. Mr. Gerhart.

Bill No. Pr. 7—An Act to Incorporate the Taber Rodeo Association. Mr. Speaker.

Bill No. Pr. 8—An Act to Incorporate The Tempo School. Mr. Gerhart.

Mr. Maccagno, on behalf of Mr. Switzer, asked the Government the following questions of which he had given notice and which were answered by the Hon. Mr. Ruste:

Q. What is the intention of the government concerning reservation of lands and grazing leases in the name of the Metis people who have been long established in the Muskeg River, Grande Cache and Smoky River country as result of their being asked to leave Jasper National Park many years ago and by what date could a final decision be expected?

A. On November 10, 1965, a meeting was held with the Metis of the Muskeg-Grande Cache area. We made the following offer:

1. Reservation of approximately 3,120 acres of land in four blocks to establish residence and provide some land for gardens. This allocation would provide about 78 acres for each of the forty families. The area would be reserved in our records for ten years subject to review after that time and to extension should the number of families increase.
2. About 54,000 acres of land would be reserved for grazing of livestock subject to a review after five years.
3. Timber cutting rights would be granted on 1,120 acres of land to supply the requirements for building logs, fencing, etcetera. We have since issued timber permits for the cutting of building logs free of timber dues to many of these families.

Although several discussions have taken place since November 10, 1965, we have not received either a rejection or acceptance of our offer. The location of the new town of Grande Cache interferes to a minor extent with one of the timber and residential areas originally proposed. We have recently reviewed this problem and our proposal with Mr. Adrian Hope, President of The Metis Association of Alberta. At the present time we are waiting for further representation from Mr. Hope or the Grande Cache Metis people. *(Sessional Paper No. 81)*

Q. Does the Government intend to grant clear title to lots, now leased on a year to year basis to the long time residents of Brule, Alberta?

If the above is in the affirmative what terms and conditions will be required?

A.

1. Over the past few years we have had discussions with local residents at Brule, who were concerned over the non-permanent nature of their land tenancy. As a result of this and also the fact that the junction of the Canadian National Railway and Alberta Resources Railway is in the vicinity, it was felt advisable to investigate the possibilities of creating a subdivision. This particular aspect has developed to the point where a layout plan has now been prepared and the department will shortly be making application to the Provincial Planning Branch to subdivide the area.

When the subdivision has been completed, those presently residing in Brule will be given an opportunity of either purchasing the lot which they have developed or obtaining a ten year miscellaneous lease. It is likely that some of the residents may prefer to lease as the annual rental for such a lease amounts to only 10% of the purchase price.

2. Residents wishing to purchase will be required to make payment of the purchase price in full, plus the \$10.00 Land Titles Office fee for the issue of title. The purchase price will take into account the value of the land, the costs of survey, subdivision approval costs and the costs of any roads or streets which the department is required to construct. (*Sessional Paper No. 82*).

According to Order the Assembly resolved itself into Committee of Supply.

GOVERNMENT MOTION

The Order of the Day being read for debate on the following motion:

Moved by the Honourable Mr. Manning: Seconded by the Honourable Mr. Strom:

WHEREAS the Honourable Member for Pincher Creek-Crowsnest was, by resolution of this Assembly, directed to file with the Honourable Speaker any and all specific charges relative to the insinuations he had previously made against the Honourable Member for Rocky Mountain House and the Honourable Member for Cardston, together with evidence justifying such charges; and

WHEREAS the Honourable Member has filed with the Honourable Speaker a statement containing four charges, together with certain documents as evidence; and

WHEREAS the third and fourth charges contained in the statement filed by the Honourable Member pertain to previous debates, proceedings and orders of this Assembly and therefore are matters within the exclusive jurisdiction of this Assembly:

THEREFORE BE IT RESOLVED that, with reference to the first and second charges filed by the Honourable Member, it is the opinion of this Assembly that it is expedient and in the public interest that such charges should be investigated and inquired into by a Commission established pursuant to The Public Inquiries Act, consisting of or headed by a member of the judiciary, and, accordingly, recommends that such a Commission be established for that purpose.

MR. SPEAKER:

MEMBERS OF THE LEGISLATIVE ASSEMBLY
OF ALBERTA:

In bringing to a close this Fifth Session of the Fifteenth Legislative Assembly, I desire to express my appreciation of the earnest and diligent manner in which you have applied yourselves to your public duties.

It is with great satisfaction that I have noted the careful attention you have given to the consideration of the various important measures which have come before you and your steadfast zeal for the promotion of the welfare of our Province.

I thank you for the provision you have made to meet the needs of the Public Service. The sums of money you have thus provided will be expended by my Ministers in accordance with the principles of efficient and economic administration.

In relieving you of your duties and declaring the Assembly prorogued during this, Canada's Centennial Year, I pray that under Divine Providence our Province will achieve an increasing measure of prosperity and happiness and that an even greater future is assured for all of this nation's people.

The Provincial Secretary then said:

"It is His Honour, the Lieutenant Governor's will and pleasure that the Legislative Assembly be now prorogued and this Assembly is accordingly prorogued.

His Honour, the Honourable the Lieutenant Governor then retired from the Assembly.

The Assembly prorogued at 3:44 p.m.
