

[Chairman: Mr. Hyland]

[4:06 p.m.]

MR. CHAIRMAN: Let's call the meeting to order. I should say that, first, I was off on a bit of a tangent, and while you guys were out negotiating something else, Jack and I talked. To get the discussion started, he wants to place a motion, and then we'll go from there.

MR. CAMPBELL: I make the motion that we approve order MSC 1/89.

MS BARRETT: Agreed.

MR. CAMPBELL: It's the benefit package for former members.

MS BARRETT: That's exactly what we'd agreed to before.

MR. CAMPBELL: Okay?

MR. CHAIRMAN: Okay. Any questions?

MS BARRETT: Not on that.

MR. CHAIRMAN: All those in favour? Carried. That was easy.

MS BARRETT: Okay. Now, did your issue get settled, though?

MR. CHAIRMAN: No, but it won't. It's too complicated to get involved in. It will muck this up.

MS BARRETT: That's what I thought.

MR. CHAIRMAN: It's all a renegotiation. I just talked to David, and we'd have to renegotiate. Even just to take dental, et cetera, et cetera, we'd have to renegotiate, because they're outside the plan. If we're going to do that, we'll do it another day.

MS BARRETT: Okay. Is that it for this meeting?

MR. TAYLOR: The point I was trying to make is that we're pretty well tied in. You can't go jumping around.

MR. CHAIRMAN: Nick, are you going to make the motion to adjourn?

MR. TAYLOR: Certainly. Would somebody talk to Ms Barrett until I leave, so I don't get cornered by her.

MS BARRETT: You'd know you're going to get escorted out of here, dollink.

MR. CHAIRMAN: Those in favour?

[The committee adjourned at 4:07 p.m.]
