 - (c) adjusted taxable balance above \$3,500, but not more than \$4,500; and
 - (d) adjusted taxable balance not more than \$3,500?

259. (Mr. Mitchell)

What facilities are available for the safe disposal of biomedical waste (e.g. syringes used by diabetics) by individuals, and what information is available to inform the public about these facilities?

The following Written Questions were not accepted:

245. (Mr. Taylor)

With regard to the Alberta Government offices in New York, Los Angeles, London (England), Hong Kong, and Tokyo, what is the name and title of the employees working in these offices, what is their salary classification and what benefits does each employee receive by way of automobile or automobile allowance, accommodation or accommodation allowance, and entertainment allowance?

256. (Mr. Chumir)

What is the amount of legal fees paid by the Government for Mr. Donald Cormie and members of his family with respect to the Code hearing and related matters?

The following Written Questions were ordered to stand:

193. Mr. Mitchell to ask the Government:

- (1) What are the air emission standards for the Millar Western pulp mill at Whitecourt?
- (2) How many times have these standards been exceeded and by what amount, since the plant started operating?
- (3) What is the cause of the high levels of fly ash from the plant?
- (4) How many samples of fly ash have been examined for heavy metals, dioxins, and potentially harmful substances and what are the levels of each of the substances found?
- (5) What are the potential health effects of high levels of fly ash?
- (6) What measures are being taken to overcome the problems in the Millar Western pulp mill and teepee burner?
- (7) What measures are being taken to ensure that the same problems do not occur with other chemi-thermomechanical pulp mills being constructed in Alberta?

206. Mr. Mitchell to ask the Government:

- (1) How often does Procter & Gamble monitor its pulp mill at Grande Prairie and Weldwood monitor its pulp mill at Hinton for total organochlorines, dioxins, and furans in:
 - (a) final liquid effluent,
 - (b) sludge in ponds, and
 - (c) air emissions?
- (2) How often does Alberta Environment monitor those two plants for the same pollutants and on how many occasions and by what amount did their measurements differ from those taken by the plant.
- (3) If there is any discrepancy, what are the reasons for this?
- (4) How many times has Alberta Environment and/or Procter & Gamble taken measurements to monitor the groundwater for total organochlorines, dioxins, and furans or any other substances in the vicinity of the landfill in which sludge from the ponds has been dumped and what levels of these substances were measured and in particular, what levels have been recorded since January 1, 1988?

207. Mr. Mitchell to ask the Government:

- (1) What are the air emission standards for the Millar Western teepee burner at Whitecourt and were these standards established in Millar Western's licence to operate under the Clean Air Act?
- (2) What are the air emission standards for the Millar Western pulp mill at Whitecourt?
- (3) What are the facilities for monitoring the air emissions from the teepee burner and the pulp mill?

- (4) On what occasions and by how much were air emission standards in Whitecourt exceeded:
 - (a) at the teepee burner, since January 1, 1988,
 - (b) at the pulp mill, since it started operation in 1988,
 - (c) at any monitoring location in the Town of Whitecourt, since January 1, 1988?

208. Mr. Mitchell to ask the Government:

Concerning the monitoring of the environmental impact of the Lake Wabamun operation of TransAlta:

- (1) How often are air emissions from the stacks measured each month; and what substances are measured?
- (2) How many times, if any, in the last 10 years did any of the substances measured exceed the limits set by the plant's licence to operate under the Clean Air Act?
- (3) What were the monitored values, on those occasions, in the last 10 years if any, when the levels were in excess of the permitted level, and what were the emission standards permissible under the licence issued in accordance with the Clean Air Act?
- (4) How is possible contamination of Lake Wabamun being monitored?
- (5) How often are the sumps that collect the sulphuric acid used to clean the heating coils in the evaporating tanks checked?
- (6) How many times during the past 10 years have the sumps overflowed into Lake Wabamun?
- (7) What measures have been taken to prevent overflow from the sumps into the lake?

218. Mrs. Hewes to ask the Government:

- (1) How many suicides were attempted or committed by children with child welfare status in the fiscal years ending:
 - (a) March 31, 1987,
 - (b) March 31, 1988, and
 - (c) March 31, 1989?
- (2) How many children with child welfare status were considered to be at risk of suicide during the fiscal year ending March 31, 1989?

219. Mrs. Hewes to ask the Government:

How many of the child welfare workers employed by the Department of Family and Social Services are registered social workers?

244. Mr. McInnis to ask the Government:

As a consequence of the Department of the Environment's Mission Statement: "The costs of preventing and reclaiming environmental impacts will be borne by the polluter,"

- (1) How much money was collected by the Department of the Environment for permits under the Clean Air Act during the fiscal year ending March 31, 1990?
- (2) How much money was collected by the Department of the Environment for permits under the Clean Water Act during the fiscal year ending March 31, 1990?
- (3) How much money was collected from Alberta-Pacific Forest Industries Ltd. as their share of the Environmental Impact Assessment Review Board during the fiscal year ending March 31, 1990?

251. Mr. McInnis to ask the Government:

- (1) With respect to fish samples taken from the Wapiti River in 1986 for mercury analysis, where are these samples located?
- (2) Why were none of the funds voted by the Legislative Assembly for protection of the environment, fish and wildlife available for testing these samples since they were gathered?
- (3) Will these samples be analyzed for mercury content? If so when?

253. Mr. Bruseker to ask the Government:

- (1) How much did it cost to send two Soviet bureaucrats to attend a Banff School of Advanced Management session beginning February 4, 1990?
- (2) Why were these two bureaucrats sent?
- (3) What did we get in return for our dollars?

254. Mr. Mitchell to ask the Government:

What are the terms of reference for Jaakko Pöyry Consulting Inc. when examining the scientific data submitted to the Alberta-Pacific Environmental Impact Assessment Review Board?

255. Mr. Chumir to ask the Government:

What amount, if any, has been paid by the Government to Mr. Hugh Planche, in respect of services rendered for the fiscal periods ending March 31, 1987, 1988, 1989, and 1990?

257. Mrs. Hewes to ask the Government:

Has the Government prepared any estimates of the annual cost that would be incurred by extending pension benefits, equivalent to the widows' pension, to single Albertans, of both sexes, who are in the same age range and the same economic circumstances as a person qualifying for a pension under the Widows' Pension Act? What is the Government's estimate of undertaking such changes?

260. Mr. Mitchell to ask the Government:

With respect to developments in the Bow Corridor, what is the policy of the Government for

- (1) determining whether an environmental impact assessment is required; and
- (2) carrying out an environmental impact assessment?

261. Mr. Mitchell to ask the Government:

What was the reason for the Department of Forestry, Lands and Wildlife's payment of \$311,670 to Canadian Forest Products Ltd. in 1988-89 (see p.5.36 of Supplementary Information to the Public Accounts, 1988-1989)?
