## **Speaker's Ruling**

The Speaker made the following ruling:

Yesterday the Hon. Member for Edmonton-Highlands raised a purported point of privilege relating to the Chairman's recognition of the Member for Calgary-Forest Lawn in Committee of Supply on the evening of April 9.

In essence, the Member for Edmonton-Highlands complained that the Chairman's failure to allow the Member for Calgary-Forest Lawn to speak, as he was the only Member standing at the time, breached the privileges of the Member for Calgary-Forest Lawn by impairing that Member in execution of his parliamentary functions.

The Chair reviewed Hansard and spoke to the Chairman, Deputy Chairman, and Acting Chairman of Committees in order to determine what transpired that evening. There was debate on the estimates, with various participants speaking as per the list provided. There were also two procedural motions introduced with various Members speaking to these motions. At one point a heated exchange took place between the Chairman and the Member for Edmonton-Highlands.

Although the Member for Calgary-Forest Lawn was standing, the Chairman recognized, per the speaking list provided, the Member for Ponoka-Rimbey. As the Member for Ponoka-Rimbey was not in the House at that moment, the Chairman recognized, as is the custom, the Minister of Advanced Education in reply to the Member for Calgary-McKnight. The Member for Ponoka-Rimbey was then recognized, followed by the Member for Calgary-Forest Lawn, who then spoke.

The Chair would direct all Members to the fact that privilege is a very serious matter involving, in the case of an individual Member, that Member's ability to function independent of any outside interference.

What happened in Committee of Supply appears to the Chair to have been contained within the Committee itself and was in reality a dispute between the Chairman and certain Members about speaking lists and rules of order for the functioning of the Committee.

In the course of the evening the Member for Calgary-Forest Lawn was called upon by the Chairman to speak shortly after the exchange with the Member for Edmonton-Highlands and that Member -- namely, the Member for Calgary-Forest Lawn -- did speak. Therefore, it does not appear that the Member for Calgary-Forest Lawn was prevented in raising his concerns with regard to the estimates.

The Chair finds the Member for Edmonton-Highlands' complaint to be one of order in the Committee, on which the Speaker cannot rule. Our Standing Order 62(3) states clearly that points of order raised in Committee must be dealt with in Committee. In accordance with Standing Order 15, no prima facie case of breach of privilege has been established, because the Member for Calgary-Forest Lawn was only delayed from speaking rather than denied the right to speak, pursuant to the Chairman's control of the list of speakers in debate.

The Chair wishes to advise Edmonton-Highlands that although the notice on the point of privilege was received in accordance with Standing Order 15(2) -- namely; the two-hour notice before the House -- it was partially defective in form.

Standing Order 15(2) states:

A member wishing to raise a question of privilege shall give a written notice containing a brief statement of the question to Mr. Speaker and, if practicable, to any person whose conduct may be called in question, at least two hours before the opening of the sitting, and before the Orders of the Day are called, shall call attention to the alleged breach of privilege and give a brief statement of the nature of the matter which founds the complaint.

As the Chair mentioned, this was only partially defective; nevertheless, it was a point of order that should have been dealt with in Committee. Thank you.

### **Motion for Adjournment for an Emergency Debate**

Mr. Bruseker, Hon. Member for Calgary-North West, requested leave to move, pursuant to Standing Order 30, that the Assembly adjourn to discuss a matter of urgent public importance, namely the closure of the Magnesium Company of Canada plant in Southern Alberta and the need for an immediate moratorium on business subsidy programs until a complete independent review of the decision making process of loans and guarantees is completed.

The Speaker ruled that the request for leave was not in order.
