## **Motions Other Than Government Motions**

**219.** Moved by Mr. Fox:

Be it resolved that the Legislative Assembly urge the Government to address the serious farm income situation by: extending five to 10 years the period in which beginning farmers receive interest rate reductions on Agricultural Development Corporation loans; ending the arrangement in which the banks administer the farm credit stability program and use the savings to turn it into a revolving fund from which new loans are offered as old loans are repaid; sitting down with farmers to negotiate improvements to cost-shared programs like the Gross Revenue Insurance Program so that payments reflect the farmer's cost of production, not only historical market prices; negotiating with lending institutions a voluntary moratorium on farm foreclosures until debt restructuring measures can be put into place; and for farm families who can't meet their debt payments and have a solid record of farm management, offering lease to purchase options on land and assets secured by loans from provincial lending institutions.

A debate followed.

Mr. Paszkowski moved adjournment of the debate, which was agreed to.
