This being the First Day of the First Session of the Eighteenth Legislative Assembly of the Province of Alberta, for the despatch of business pursuant to a Proclamation of His Honour the Honourable Ralph G. Steinhauer, Lieutenant Governor, dated the 14th day of February, in the year of our Lord, one thousand nine hundred and seventy-five;

The Clerk of the Legislative Assembly read the Proclamation as follows:

PROCLAMATION

[GREAT SEAL]
CANADA
PROVINCE OF ALBERTA

RALPH G. STEINHAUER,
Lieutenant Governor.

ELIZABETH THE SECOND, by the Grace of God, of the United Kingdom, Canada and Her other Realms and Territories, QUEEN, Head of the Commonwealth, Defender of the Faith

PROCLAMATION

TO OUR FAITHFUL, the MEMBERS elected to serve in the Legislative Assembly of Our Province of Alberta and to each and every of you.
GREETING . . .

W. F. McLEAN,
Deputy Attorney General.

WHEREAS it is deemed expedient for certain causes and considerations to convene the Legislative Assembly of Our Province of Alberta, WE DO WILL that you and each of you, and all others in this behalf interested, on THURSDAY, the FIFTEENTH day of MAY, One Thousand, Nine Hundred and Seventy-five, at the hour of THREE o'clock in the afternoon at Our City of Edmonton, personally be and appear for the despatch of business, to treat, act, do and conclude upon those things which, in the Legislature of Alberta, by the Common Council of Our said Province, may, by the favour of God, be ordained.

HEREIN FAIL NOT

IN TESTIMONY WHEREOF We have caused these Our Letters to be made Patent, and the Great Seal of Our Province to be hereunto affixed.

WITNESS: The Honourable Ralph G. STEINHAUER, Lieutenant Governor of Our Province of Alberta, in Our City of Edmonton in Our Province of Alberta this 14th day of February in the Year of Our Lord, One Thousand, Nine Hundred and Seventy-five and in the Twenty-fourth Year of Our Reign.

BY COMMAND:

MERV LEITCH,
Provincial Secretary.

The members having been duly sworn in by His Honour the Honourable the Lieutenant Governor and having subscribed to the Roll containing the Oath, took their seats.

His Honour the Honourable the Lieutenant Governor entered the assembly and took his seat on the Throne.

The Provincial Secretary then said:

"I am commanded by His Honour, the Honourable the Lieutenant Governor to inform you that he does not see fit to declare the causes of the summoning of the present Legislature of this Province until a Speaker of this Assembly shall have been chosen according to law. He therefor is pleased to retire from this Assembly to return at a subsequent hour today to declare the causes of the calling of this Legislature."

His Honour the Honourable the Lieutenant Governor then retired from the Assembly.

Mr. Miller, addressing the Clerk, nominated Gerard Amerongen, Member for the Electoral Division of Edmonton Meadowlark, to take the chair of this Assembly as Speaker, supported by Mr. Mandeville on behalf of Her Majesty's Loyal Opposition.

The Clerk, having asked if any Honourable Member had another name to propose as Speaker, and no other name being proposed, the Clerk of the Assembly then declared that "Gerard Amerongen, Honourable Member of Edmonton Meadowlark, is duly appointed Speaker of the Alberta Legislative Assembly for this Eighteenth Legislature."

The Speaker retired, donned his robe and re-entered the Assembly, and, standing on the upper step of the dais, thanked the Assembly for the honour conferred upon him with the following speech:

"Honourable members . . . my colleagues in this, the 18th legislative assembly of the Province of Alberta.

My constituents have, in the first place, made possible this special opportunity for service to them and to all of the province.

On behalf of my constituents and myself I thank you for the unique honour you have done to them and to me in choosing

their member to be your Speaker, to serve in a position which is essential in our cherished system of self government.

I say it is an honour, and it would be such in any law-making assembly in Canada. In Alberta it is a very special distinction. The reason is that this legislative assembly has a deserved renown for the orderliness and effectiveness of its proceedings. And yet it is in no way dull. It is, in fact, an assembly of fascinating interest and vitality, a lively working place.

This is an assembly with a history of sound traditions. On this basis it has developed exceptional opportunities for the effectiveness of individual members and of its Speaker.

Your expression of confidence compels me to pledge my utmost in the fulfillment of your trust."

The Speaker then took his seat and the Mace was placed on the table by the Sergeant-at-arms.

His Honour the Honourable the Lieutenant Governor returned to the Assembly and took his seat on the Throne.

Mr. Speaker then said:

"May it please Your Honour, the Legislative Assembly have elected me as their Speaker, though I am but little able to fulfil the important duties thus assigned to me.

If in the performance of those duties I should at any time fall into error, I pray that the fault may be imputed to me and not to the Assembly, whose servant I am, and who, through me, the better to enable them to discharge their duty to their Queen and Province, hereby claim all their endowed rights and privileges, especially, that they may have freedom of speech in their debates, access to your person at all seasonable times, and that their proceedings may receive from you the most favourable consideration."

The Provincial Secretary then said:

"I am commanded by His Honour the Honourable the Lieutenant Governor to declare to you that he freely confides in the duty and attachment of this Assembly to Her Majesty's person and Government, and, not doubting that the proceedings will be conducted with wisdom, temperance and prudence, he grants and upon all occasions will recognize and allow the Assembly's constitutional privileges.

I am commanded also to assure you that the Assembly shall have ready access to His Honour upon all suitable occasions and that all proceedings as well as your words and actions will constantly receive from him the most favourable construction."

His Honour the Honourable the Lieutenant Governor then read the following Speech from the Throne:

MR. SPEAKER AND MEMBERS OF THE
LEGISLATIVE ASSEMBLY:

I have the honour to welcome you to the First Session of the Eighteenth Legislature of the Province of Alberta.

The privilege of accepting the responsibility of office for a second time came to my government as a result of the Provincial General Election of March 26, 1975.

The general purpose of this First Session, including the Fall Sittings, will be to implement those legislative and other policy initiatives introduced during the short Fourth Session of the Seventeenth Legislature.

The significant improvements in programs for senior citizens, proposed over past months, will be reflected in the budget. The important Alberta Assured Income Plan, the contemporary increase in the Senior Citizen Renter Rebate, the promising Senior Citizen Community Services Program and the comprehensive improvements in medical services for senior Albertans will all be proposed to the Legislature or implemented by policy changes.

The proposals to effect a major reduction in personal income tax for our citizens, and remove many Albertans from the tax roll entirely, will be reintroduced. They will be retroactive to January 1, 1975 so Albertans can receive this benefit for the entire year.

The increases in pensions, benefits and allowances paid under The Workers' Compensation Act will be proposed again. They will be implemented retroactive to April 1, 1975.

My government's wish to place priority emphasis on adequate shelter for Albertans will be underscored by the proposed creation of a Housing and Public Works Department. The guidelines for significant new initiatives in this area will be outlined by the Minister during the coming Session.

The notable achievements since 1971 in agriculture, which emphasized strengthening of the family farm, provide a solid base for continued expansion of markets and the processing of agricultural raw materials. Irrigation policy guidelines will be announced.

Transportation, in all its facets, will be of even greater importance to the economic and social development of our province in the years to come. A new Department of Transportation Bill will consolidate all related government transportation operations for the first time. Coordination, long-term planning and contemporary policy improvements will result from future initiatives by this important new department.

The creation of a new Department of Energy and Natural Resources will ensure a balanced approach to the future development of our oil, natural gas, coal, forest and other resource assets. There will be renewed emphasis on three basic goals—preservation of sufficient resources for future Albertans; sale of our depleting assets at a price as close as possible to fair market value; and stimulation of the processing of raw resources in Alberta by Albertans. As well, my government will continue its efforts to encourage exploration for oil and natural gas. Legislation regarding natural gas marketing will be introduced.

Albertans enjoy the highest standards of hospital and medical care in the nation. But my government is increasingly concerned about the rapidly escalating costs of health services and their impact in the years ahead on our tax paying citizens. Accordingly, a new Ministry of Hospitals and Medical Care will be proposed — it will seek to ensure quality in health services at reasonable cost.

Social initiatives announced earlier in the year, and other new approaches, will be achieved within the framework of a Department of Social Services and Community Health.

There will be increased recognition by my government of the concerns and needs of Alberta's native people.

Because meaningful job opportunities will be sought by thousands of our young people upon graduation from our advanced education institutions and high schools, responsibility for the increasingly important manpower aspect of our developing province will be integrated within a restructured Department of Advanced Education and Manpower.

My government will initiate changes in the administration of justice following consideration of the report of the Kirby Board of Review, expected shortly.

Steps to implement appropriate recommendations of the Report on Industrial Health and Safety will be taken this year.

Strengthening even further the climate for private sector initiative is a basic goal of my government. Accordingly, a Department of Business Development and Tourism will be proposed. It will seek advice from and work closely with those Albertans wanting to expand existing businesses and to develop new enterprises.

Orderly, efficient delivery of government services will be even further improved by a new Department of Government Services which will provide administration under a comprehensive "umbrella" approach.

My government is sensitive to the expanding interest of citizens of all ages in recreation and relaxation in the great Alberta outdoors. Under the newly-formed Department of Recreation, Parks and Wildlife, the new multi-purpose Cultural and Recreational Facility Program will proceed. New provincial parks will be established to offer improved recreational facilities to Albertans and visitors to Alberta.

Through changes in the responsibilities of the Consumer and Corporate Affairs Department and the reintroduction of the Unfair Trade Practices Bill, Alberta's leadership in the field of consumer services will be maintained.

Previously outlined improvements in basic education, services for the handicapped and mental health research will be carried forward. There will be new approaches in environmental protection and extensions of rural gas and telephone services. Initiatives regarding matrimonial property will be announced.

Although North American and world economic indicators give cause for concern, the economy of our province has continued to remain generally strong.

The proposed new Alberta Corporate Tax Incentives for Business will come into effect as soon as practicable. The second of a series of position papers on this unique plan will be presented.

Plans regarding the formation of the Alberta Heritage Savings Trust Fund will be announced during the Fall Sittings.

My government recognizes its special responsibility to carefully consider sound advice, to seriously weigh constructive criticism, to encourage thoughtful debate regarding its policies and, above all, to listen to and be responsive to Albertans in every walk of life and in every part of the province.

Members of the Legislative Assembly! — in due course you will be presented with budget proposals by my government to support these priorities and legislative initiatives. You will be asked to grant the necessary funds for the operating services and expenditures authorized by the Legislature and to endorse a program of capital financing for the Government of Alberta.

I leave you now to the business of the Session, with full confidence that as elected representatives your debates and your votes will reflect your understanding of the public interest of all the people of Alberta.

I pray for your wisdom and your strength in your deliberations.

DATED: May 15, 1975.

His Honour the Honourable the Lieutenant Governor then retired from the Assembly.

He accordingly presented the said Bill and the same was received and read a First time and

GOVERNMENT BILLS AND ORDERS:

The following Bills were read a Second time and referred to Committee of the Whole:

- Bill No. 58 — The Motor Vehicle Administration Act — Hon. Mr. Farran.
- Bill No. 59 — The Highway Traffic Act, 1975 — Hon. Dr. Horner.
- Bill No. 80 — The Temporary Rent Regulation Measures Act — Hon. Mr. Harle.
- Bill No. PR 7 — An Act to Amend The Calgary Convention Centre Authority Act — Mr. Musgreave.

THE SPEAKER ADDRESSED THE ASSEMBLY AS FOLLOWS:

1. On November 26th, 1975 (Hansard Page 1325) there was a temporary or provisional ruling made for that occasion with regard to a unique point of order probably raised for the first time in the history of our legislature.
2. The point of order is whether oral questions may be put (during the question period) to members of the Assembly who are not ministers nor parliamentary assistants but who are appointed to public boards or commissions.
3. Our Standing Order 7.(1) provides for an "Oral Question Period (not exceeding 45 minutes)".
4. Our standing orders do not expressly say what rules or practices are to be followed during the question period.
5. Standing Order 2 says:
 - "2. In all contingencies unprovided for, the question will be decided by Mr. Speaker and, in making his ruling, Mr. Speaker shall base his decision on the usages and precedents of this Assembly and on parliamentary tradition."

6. The "usages and precedents of this Assembly" do not provide an answer, because the situation is new and there have been no "usages or precedents of this Assembly" dealing with it.
7. Beauchesne, citation 171, indicates that the rules dealing with both oral and written questions are the same (apart, of course, from questions which because of the detail required, should be put on the order paper.)
8. Our Standing Order 32.(1) (b) says:
"32. (1) Questions may be placed on the Order Paper
(b) to other members, relating to any Bill, motion or other public matter connected with the business of the Assembly in which such members may be concerned,".
9. Relating this to 171 of Beauchesne would indicate that a similar rule ought to apply to oral questions.
10. It then becomes necessary to interpret ". . . . relating to any . . . other public matter connected with the business of the Assembly in which such members may be concerned,".
11. It would seem that since members are being appointed to boards or commissions by reason of the fact that they are members, that makes the public matters which are dealt with by those members as members of the Assembly, the "business" of those members. Since such "business" is so directly connected with their membership in the Assembly, and that is the reason why they are appointed, it would also seem that such public matters are "connected with the business of the Assembly".
12. There cannot be any doubt that the boards and commissions to which members are being appointed are dealing with public affairs of the province.
13. The rather narrow and restrictive interpretation in Sir Erskine May's 18th edition, page 323, is not a safe guide or precedent because of the absence in the Westminster Standing Orders of any standing order closely corresponding to our own Standing Order 32.
14. If there were still any doubt at all in the matter, it would be necessary to remember that where there is a doubt concerning a possible restriction to freedom of action, the doubt should be resolved in favour of greater rather than less freedom of action and hence, against the restriction.
15. I would therefore re-affirm that such questions are in order, but there is no authority for saying that a member is bound to answer them.
16. A private member would, therefore, have the right to refuse to answer the question (just as he may do during or at the end of a speech in a debate in the Assembly).

17. It would also seem to have to be a necessary implication that he have the right to suggest that the question be put on the order paper.
18. Further, in view of the text of Standing Order 33 where it refers to a minister, a question on the order paper agreed to by a private member could not thereby become an order of the Assembly.

According to Order, the Assembly resolved itself into Committee of the Whole:
