

## Guide to the 2012-2014 Speaker Index

**Committee mandate:** The Standing Committee on Alberta's Economic Future is an all-party committee consisting of 18 Members of the Legislative Assembly. It may meet to review a bill or to consider an issue referred to it by the Assembly and can also meet on its own initiative to consider issues within its mandate. The mandate of the Standing Committee on Alberta's Economic Future relates to the areas of agriculture and rural development; international and intergovernmental relations; enterprise and advanced education; tourism, parks, and recreation; and infrastructure.

There are two indexes for the transcripts of meetings of the Standing Committee on Alberta's Economic Future, a **subject index** and a **speaker index**. Committee activities during the 28th Legislature, First Session (May 23, 2012 – March 2, 2014) were as follows: review of the bitumen royalty in kind program, high-speed rail service review, and 2013-14 main estimates debates for the departments of Agriculture and Rural Development; Enterprise and Advanced Education; Executive Council; Infrastructure; International and Intergovernmental Relations; and Tourism, Parks and Recreation.

### Abbreviations

#### *Political parties*

AL	Alberta Liberal Party
Ind.	Independent (no party affiliation)
ND	New Democratic Party
PC	Progressive Conservative Party
W	Wildrose Party

Abbreviations not included in the above list are in the subject index in alphabetical order.

**Alexis, Donovan (Capacity Development Officer, Confederacy of Treaty Six First Nations)**

- Aboriginal peoples – Consultations and land claims
  - Confederation of Treaty Six First Nations position paper presented as written submission ... EF328
- Confederacy of Treaty Six First Nations
  - Presentation on high-speed rail ... EF328

**Anglin, Joe (W, Rimbey-Rocky Mountain House-Sundre)**

- Alberta Federation of Labour
  - Presentation on bitumen royalty-in-kind (BRIK) program ... EF70
- Alberta's Industrial Heartland Association
  - Presentation on bitumen royalty-in-kind (BRIK) program ... EF51–52, 54
- Bitumen – Export – China
  - Refineries, coking capacity ... EF70
- Bitumen – Royalties
  - Impact on industry development ... EF52
- Bitumen – Upgrading
  - Bitumen royalty-in-kind (BRIK) program, alternatives to (proposed) ... EF52
- Bitumen – Upgrading – Economic aspects
  - Incentive programs for upgraders (proposed) ... EF52
  - Price differentials, light/heavy oil (bitumen bubble) ... EF57, 70
- Bitumen – Upgrading – Environmental aspects
  - Regulatory approvals ... EF52, 57
  - Regulatory approvals, member's request for information ... EF54
- Bitumen – Upgrading – Products
  - Local markets ... EF51–52
- Bitumen – Upgrading – Refineries
  - Lifespans ... EF57
- Bitumen royalty in kind (BRIK) program
  - Contract management, request for proposals ... EF44
  - History ... EF45–46
- Bitumen royalty in kind (BRIK) program – Economic aspects
  - Economic competitiveness ... EF52
  - Government impact on industry, member's request for information ... EF59
- Bitumen royalty in kind (BRIK) program – Environmental aspects
  - Risks, regulatory approvals ... EF52, 57
- Bridges – Highway 63
  - Heavy-haul corridor (proposed) ... EF52
- Canadian Association of Petroleum Producers
  - Presentation on bitumen royalty-in-kind (BRIK) program ... EF57, 59
- Diesel fuel
  - Markets ... EF51
- Energy industry – Mexico
  - Exports of Mayan crude ... EF57
- Energy industry – Regulations
  - Single regulator (proposed) ... EF57
- Energy industry – United States
  - Bakken oil formation, impact ... EF57
  - Refineries, coking capacity ... EF70
  - Refineries, supply and demand ... EF57
- Energy industry – Venezuela
  - Exports ... EF57
- Oil – Export – Asia
  - Market access ... EF70

**Anglin, Joe (W, Rimbey-Rocky Mountain House-Sundre) (continued)**

- Pipelines – Construction
  - Enbridge Northern Gateway project ... EF70
  - Pipeline designs for upgraded or non-upgraded bitumen products ... EF70
  - TransCanada Keystone XL project, pipeline design ... EF70
  - West-east pipeline (proposed) ... EF70
- Pipelines – Construction – British Columbia
  - Advocacy by AIHA ... EF52
- Railroads
  - Transportation of upgraded bitumen ... EF52
- Teedrum Inc.
  - Aboriginal peoples' participation in bitumen upgrading ... EF45–46
  - Conditional agreement with province ... EF45–46
  - Presentation on bitumen royalty-in-kind (BRIK) program ... EF45–46

**Barnes, Drew (W, Cypress-Medicine Hat)**

- Alberta Association of Municipal Districts and Counties
  - Presentation on high-speed rail ... EF299–300
- Alberta Chambers of Commerce
  - Presentation on high-speed rail ... EF243
- Alberta Health Services (authority)
  - Capital planning and funding ... EF110
- Alberta High-Speed Rail (2005) Inc.
  - Presentation on high-speed rail ... EF321–22
- Alberta Urban Municipalities Association
  - Presentation on high-speed rail ... EF300
- Amtrak Corp.
  - Service expansion ... EF313, 314
- Bombardier
  - Presentation on high-speed rail ... EF313–14
- Border crossings – Canada-United States
  - Wild Horse crossing as part of a transportation/utility corridor ... EF243
- Calgary
  - Presentation on high-speed rail ... EF290–91
- Canadian National Railway
  - Presentation on high-speed rail ... EF257–58
- Canadian Pacific Railway
  - Presentation on high-speed rail ... EF257–58
- Canadian Rail Research Laboratory
  - Presentation on high-speed rail ... EF313–14
- Capital plan
  - Funding, amendment to main estimates presented ... EF111–12
  - Partnerships with ministries ... EF113
  - Private-sector (developer pay) investment (proposed) ... EF121
  - Project prioritization, access to information on ... EF108
- Capital projects
  - Comparison with other jurisdictions re per person costs ... EF110
  - Contract management ... EF109–11
- Capital projects – British Columbia
  - Comparison with other jurisdictions ... EF110
- Capital projects – Ontario
  - Comparison with other jurisdictions ... EF110
- Continuing/extended care facilities – Carmangay
  - Little Bow centre closure ... EF113
- Edmonton
  - Presentation on high-speed rail ... EF290–91
- Edmonton Remand Centre
  - Funding for operations ... EF112

**Barnes, Drew (W, Cypress-Medicine Hat) (continued)**

- Federal Public Building
  - Funding for redevelopment ... EF114, 121
- Foothills medical centre, Calgary
  - Planning and funding for new cancer centre ... EF110, 120
- Government buildings
  - Funding for operations ... EF112
- Health facilities – Construction
  - Funding and planning, procedures ... EF113
- Health facilities – Construction – Medicine Hat
  - Planning for new addictions treatment centre ... EF113
- High-speed rail service feasibility
  - Impacts, socioeconomic ... EF243
  - Other jurisdictions ... EF313
  - Potential corridors beyond Edmonton-Calgary ... EF313–14
  - Timeliness of project ... EF290
- High-speed rail service feasibility – Design and construction
  - Engineering issues ... EF313–14
- High-speed rail service feasibility – Finance
  - Cost-benefit analysis ... EF300–301
  - Economic analysis ... EF258, 259, 282
  - Funding sources, government ... EF243, 257–58
  - Private funding ... EF243, 258
  - Private operation, feasibility of ... EF321–22
- High-speed rail service feasibility – Land use
  - Impact on rural areas ... EF299
  - Transportation/utility corridors ... EF243
- High-speed rail service feasibility – Public input
  - Public meetings (proposed) ... EF325
- High-speed rail service feasibility – Red Deer
  - Connection with high-speed rail service, potential for ... EF330
- High-speed rail service feasibility – Review
  - Report, timeline on ... EF329
- High-speed rail service feasibility – Stakeholder presentations
  - Organization of ... EF329
- Highway 41
  - Sage grouse protection order (federal) in vicinity of ... EF243
  - Transportation/utility corridor (proposed) ... EF243
- Highway 63
  - Contract management ... EF109
  - Twinning ... EF300–301
- Hospitals – Construction
  - Public-private partnerships (P3) (proposed) ... EF121
- Hospitals – Construction – Grande Prairie
  - Capital planning and funding ... EF110
- Hospitals – Construction – Medicine Hat
  - Capital planning and funding ... EF110
- Hospitals – Construction – Whitecourt
  - Capital planning and funding ... EF120–21
- Infrastructure
  - Disposition of surplus ... EF112–13
- Infrastructure – Maintenance and repair
  - Deferred maintenance ... EF111
  - Funding, amendment to main estimates presented ... EF112
  - Funding, capital for emergent projects (CEP) ... EF112
  - Long-term maintenance ... EF300
- Light rail transit – Edmonton
  - Connection to high-speed rail system, potential for ... EF290
  - System expansion ... EF291

**Barnes, Drew (W, Cypress-Medicine Hat) (continued)**

- Magnovate Technologies
  - Presentation on high-speed rail ... EF322
- Michener Centre
  - Disposition of surplus facilities ... EF112
- Ministry of Education
  - Partnership with Ministry of Infrastructure re school construction ... EF108
- Ministry of Infrastructure
  - Communications, funding for, amendment to main estimates presented ... EF111–12
  - Deputy minister's office, funding for, amendment to main estimates presented ... EF111–12
  - Government-owned facilities preservation, amendment to main estimates presented ... EF111–12
  - Main estimates 2013-2014 debate ... EF108–14, 120–22
  - Main estimates 2013-2014 debate, amendment presented ... EF111–12
  - Mandate ... EF113
  - Minister's office, funding for, amendment to main estimates presented ... EF111–12
  - Operational expenses, amendment to main estimates presented ... EF111–12
  - Results-based budgeting ... EF112
  - Staff ... EF112
  - Strategic services, funding for, amendment to main estimates presented ... EF111–12
- Ministry of Transportation
  - Mandate re road construction ... EF109
- Municipalities
  - Land-use planning, impact of high-speed rail initiatives on ... EF299
- Official Opposition
  - Capital plan ... EF110, 121
- Public-private partnerships (P3)
  - Comparison with other jurisdictions ... EF121
  - Completion rates ... EF111
  - Contract awards to small and large contractors ... EF109
  - Financial reports ... EF111
  - Maintenance contracts ... EF109–10, 120
  - Public-sector comparator ... EF109–10, 120
  - Risk management ... EF111
- Public service
  - Salary freeze ... EF112
  - Staff reduction in management ... EF112
- Railroads
  - Passenger service, Edmonton to Calgary ... EF258
- Railroads – Fort McMurray
  - Transportation of bitumen ... EF301
- Red Arrow Motorcoach
  - Presentation on high-speed rail ... EF259
- Red Deer
  - Presentation on high-speed rail ... EF300
- Red Deer – Transportation
  - Regional transit system ... EF300
- Schools – Construction
  - Comparison with other jurisdictions ... EF121
  - Contract management ... EF109, 111
  - Private-sector (developer pay) investment (proposed) ... EF121
  - Project prioritization ... EF108–9, 111
  - Project scheduling, publication of schedule ... EF109
  - Public-private partnerships (P3), contract management ... EF109–10

**Barnes, Drew (W, Cypress-Medicine Hat) (continued)**

- Schools – Construction
  - Public-private partnerships (P3), cost savings ... EF109
  - Public-private partnerships (P3), design flexibility ... EF122
  - Public-private partnerships (P3), financial reports ... EF111
  - Public-private partnerships (P3), maintenance contracts ... EF109–10, 120
  - Role of depts. of Education and Infrastructure ... EF108
- Schools – Construction – British Columbia
  - Public-private partnerships (P3) ... EF121
- Schools – Construction – Medicine Hat

**Eggen, David (ND, Edmonton-Calder)** *(continued)*

- Bitumen royalty in kind (BRIK) program review *(continued)*
  - Committee review of bitumen royalty-in-kind (BRIK) program, motion on amendment to add “labour availability” (Goudreau: carried) ... EF8
- Calgary
  - Presentation on high-speed rail ... EF287
- Canadian Association of Petroleum Producers
  - Presentation on bitumen royalty-in-kind (BRIK) program ... EF58–59
- Carbon tax
  - Rate ... EF179
- Castle-Crown wilderness area
  - Designation as wildland park (proposed) ... EF100–101
- Climate change
  - Provincial strategy, review ... EF179
- Committee on Public Accounts, Standing
  - Meetings during estimates consideration ... EF86, 87
- CPCS
  - Presentation on high-speed rail ... EF283–84
- Diesel fuel
  - Prices ... EF47
  - Transportation ... EF47
- Edmonton
  - Presentation on high-speed rail ... EF287
- Energy industry – United States
  - Refineries ... EF53
  - Refineries, capacity for non-upgraded bitumen ... EF53
- Energy resources – Export
  - Market diversification ... EF178
- Estimates of supply, main
  - Committee consideration, concurrent meetings ... EF86
  - Schedule, motion to accept proposed (Luan: carried), recorded vote ... EF86–87, 90
- Family farms
  - Sustainability ... EF194
- Family farms – Nova Scotia
  - Sustainability ... EF194
- Farm fuel program
  - Changes to fuel distribution allowance ... EF194
- Feedlots
  - Impact on water quality ... EF195
- Food safety
  - Programs and services ... EF194
- Growing Forward 2 (federal-provincial-territorial initiative)
  - Food safety program ... EF194
  - Funding ... EF194
- High-speed rail service feasibility – Finance
  - Public-private partnerships (P3) (proposed) ... EF287
- High-speed rail service feasibility – Land use
  - Impact on rural areas ... EF298
  - Land acquisition ... EF227
  - Route alignment options, greenfield routes ... EF298
  - Route alignment options, track sharing with freight operations ... EF284
- Hog industry
  - Manure management ... EF195
- Internet – Rural areas
  - Funding for high-speed access ... EF194
- Irrigation
  - Efficiency ... EF195

**Eggen, David (ND, Edmonton-Calder) (continued)**

- Livestock industry
  - Age verification program ... EF194
  - Manure management ... EF195
  - Traceability programs ... EF194
- Lower Athabasca regional plan (land-use framework)
  - Recommendations for new parks and recreation areas ... EF100
- Ministry of Agriculture and Rural Development
  - Main estimates 2013-2014 debate ... EF194-95
- Ministry of International and Intergovernmental Relations
  - Main estimates 2013-2014 debate ... EF178-79
  - Ministerial working group ... EF178
- Ministry of Tourism, Parks and Recreation
  - Main estimates 2013-2014 and business plan consideration ... EF99-101
- North West Upgrading Inc.
  - Capital and labour costs ... EF53
- Oldman River watershed
  - Battersea drain, impact of manure on ... EF195
- Peter Lougheed provincial park
  - Visitor services ... EF100
- Pipelines
  - Bitumen transport ... EF47, 66
  - Capacity for upgraded/non-upgraded bitumen products ... EF58
- Pipelines – Construction
  - Aboriginal peoples' participation in ... EF47
  - Economic impacts on upgraders ... EF53, 65-66
  - Interjurisdictional co-ordination ... EF53
  - Kinder-Morgan Trans Mountain pipeline, expansion (proposed) ... EF178
  - Need for increased capacity ... EF58
  - Refinery locations (proposed) ... EF58-59
  - West-east pipeline (proposed) ... EF53, 58-59, 178
  - West-east pipeline (proposed), impact of Keystone XL on ... EF178
- Railroads
  - Passenger service, Edmonton to Calgary ... EF283
  - Transportation of freight ... EF283
- South Saskatchewan regional plan (land-use framework)
  - Recommendations for new parks ... EF100-101
- Supreme Court of Canada
  - Reference on Senate reform ... EF179
- Synthetic crude
  - Business economics ... EF58
  - Refinery production, existing ... EF66
- Teedrum Inc.
  - Aboriginal peoples' participation in bitumen upgrading ... EF47
  - Conditional agreement with province ... EF47
  - Presentation on bitumen royalty-in-kind (BRIK) program ... EF47-48
  - Products for export (proposed) ... EF47
  - Project (proposed), staff requirements, member's request for information ... EF48
- Tourism – Marketing – Canada
  - Funding ... EF101
- Tourism – Marketing – Colorado
  - Funding cutbacks ... EF101
- Transportation Economics & Management Systems, Inc. (TEMS)
  - Presentation on high-speed rail ... EF283-84
- Travel Alberta
  - Advertising campaign (Remember to Breathe) ... EF101
  - Awards ... EF101

**Eggen, David (ND, Edmonton-Calder) (continued)**

- Travel Alberta (continued)
  - Partnerships ... EF99-100
  - Revenue ... EF99-100
- University of Alberta
  - Presentation on bitumen royalty-in-kind (BRIK) program ... EF65-66
- Value Creation Inc.
  - Written submission from, proposal for additional ... EF60
- Van Horne Institute
  - Presentation on high-speed rail ... EF283-84
- Water quality – Monitoring
  - Contaminants ... EF195
- Water/waste-water management
  - Feedlots, impacts ... EF195
- Ekelund, Mike (Assistant Deputy Minister, Strategic Initiatives, Dept. of Energy)**
  - Alberta Petroleum Marketing Commission
    - Mandate re bitumen royalty-in-kind (BRIK) program ... EF18, 19-20
  - Bitumen – Royalties
    - Royalty in kind, history ... EF18
  - Bitumen – Supply

**Olson, Verlyn, QC (PC, Wetaskiwin-Camrose; Minister of Agriculture and Rural Development) (continued)**

- Railroads – British Columbia
  - Prince Rupert terminals, handling capacity ... EF196-97
- Rural Alberta development fund
  - Funding ... EF186
- Rural communities
  - Sustainability initiatives ... EF191
- Safe communities initiative
  - Model for rural development ... EF191
- Water quality – Monitoring
  - Contaminants ... EF195
- Water/waste-water management
  - Feedlots, impacts ... EF195
- Wild Rose Agricultural Producers
  - Recommendations re farm safety ... EF193

**Oulton, Wesley (participant, Red Deer public meeting on high-speed rail)**

- High-speed rail service feasibility
  - Long-term planning ... EF356-57
  - Timeliness of project ... EF356-57, 357-58
- High-speed rail service feasibility – Design and construction
  - Capital costs ... EF357
- High-speed rail service feasibility – Land use
  - Impact on rural areas ... EF356-57
  - Land acquisition, compensation for ... EF357
  - Route alignment options ... EF356-57
  - Transportation/utility corridors ... EF357
- High-speed rail service feasibility – Public input
  - Public meeting, Red Deer ... EF356-58
- Land expropriation
  - Legislation on ... EF358
- Transportation/utility corridors
  - Planning ... EF357

**Pastoor, Bridget Brennan (PC, Lethbridge-East)**

- Agricultural societies
  - Fairs and exhibitions ... EF198-99
- Agricultural societies – Lethbridge
  - Fairs and exhibitions ... EF198-99
- Alberta Chambers of Commerce
  - Presentation on high-speed rail ... EF247
- Bitumen royalty in kind (BRIK) program review – Report by committee
  - Report, draft, motion to approve changes to wording of recommendations for final report (Dorward: carried) ... EF205-6
- Border crossings – Canada-United States
  - Wild Horse crossing as part of a transportation/utility corridor ... EF247
- Calgary Stampede
  - Economic impact ... EF198
- Committee on Alberta's Economic Future, Standing Mandate ... EF228
- Edmonton Economic Development Corporation
  - Presentation on high-speed rail ... EF247
- Edmonton Northlands
  - Economic impact ... EF198
- Estimates of supply, main
  - Schedule, motion to accept proposed (Luan: carried), recorded vote ... EF90
- High-speed rail service – Europe
  - General remarks ... EF211
- High-speed rail service feasibility
  - Impacts, socioeconomic ... EF247
  - Lethbridge service ... EF247

**Pastoor, Bridget Brennan (PC, Lethbridge-East) (continued)**

- High-speed rail service feasibility (continued)
    - Potential corridors beyond Edmonton-Calgary ... EF277-78
    - Public input, surveys ... EF211
    - Public interest in, municipal associations ... EF247
    - Reports, updating of ... EF221
    - Urban public transportation systems, as requirement ... EF212
  - High-speed rail service feasibility – Finance
    - Funding sources, government ... EF220-21, 247
  - High-speed rail service feasibility – Fort McMurray
    - Comparison with transportation by air ... EF220-21
    - General remarks ... EF220-21, 236
  - High-speed rail service feasibility – Land use
    - Transportation/utility corridors ... EF247
  - High-speed rail service feasibility – Review
    - Committee to study feasibility of high-speed rail transit system to be built in phases, motion to amend to replace “between Edmonton and Calgary” with “in phases” (Pastoor: carried) ... EF209
  - High-speed rail service feasibility – Stakeholder presentations
    - Stakeholders, draft list, preparation for review by December 6, motion to approve (Sarich: carried) ... EF211-12
  - Ministry of Agriculture and Rural Development
    - Main estimates 2013-2014 debate ... EF198-99
  - Ministry of Transportation
    - Presentation on high-speed rail ... EF220-21
  - Red Deer Chamber of Commerce
    - Presentation on high-speed rail ... EF247
  - Siemiatycki, Dr. Matti (associate professor, University of Toronto)
    - Presentation on high-speed rail ... EF236
  - SNC Lavalin
    - Presentation on high-speed rail (proposed) ... EF211
  - Transportation Economics & Management Systems, Inc. (TEMS)
    - Presentation on high-speed rail ... EF277-78
  - Transportation/utility corridors
    - Planning ... EF247
  - Van Horne Institute
    - Presentation on high-speed rail ... EF277-78
- Penny, Rob (Deputy Minister, Dept. of Transportation)**
- Demographics
    - Population ... EF215
  - High-speed rail service – China
    - Technologies ... EF218
  - High-speed rail service feasibility
    - City pairs, comparison with other jurisdictions ... EF215, 218
    - Comparison with transportation by air ... EF220
    - Reports, updating of ... EF221
    - TEMS report (2008) from 2006 study ... EF215
  - High-speed rail service feasibility – Environmental aspects
    - Energy requirements ... EF218
  - High-speed rail service feasibility – Finance
    - Fare analysis ... EF218, 220
    - Operating costs ... EF218
    - Public-private partnerships (P3) (proposed) ... EF219-20
  - High-speed rail service feasibility – Fort McMurray
    - Comparison with transportation by air ... EF219

**Penny, Rob (Deputy Minister, Dept. of Transportation)***(continued)*

- High-speed rail service feasibility – Land use
  - Land acquisition ... EF219
  - Transportation/utility corridors ... EF220
- Ministry of Transportation
  - 50-year transportation strategy ... EF221
  - High-speed rail market demand study (2008) ... EF215
  - Presentation on high-speed rail ... EF215, 218–21
- Transportation/utility corridors
  - Planning ... EF220

**Pribhai, Neil (participant, Edmonton public meeting on high-speed rail)**

- Arenas – Edmonton
  - New downtown arena, funding for ... EF375–76
- High-speed rail service – United Kingdom
  - General remarks ... EF376
- High-speed rail service feasibility
  - Timeliness of project ... EF376
- High-speed rail service feasibility – Finance
  - Economic impacts ... EF376
  - Fares, subsidies for (proposed) ... EF376
  - Funding sources ... EF376
  - Public-private partnerships (P3) (proposed) ... EF376
- High-speed rail service feasibility – Public input
  - Public meeting, Edmonton ... EF375–77

**Quadri, Sohail (PC, Edmonton-Mill Woods)**

- Bitumen – Upgrading
  - Development planning ... EF59
- Bitumen – Upgrading – Economic aspects
  - Business economics ... EF59
- Bitumen royalty in kind (BRIK) program – Economic aspects
  - Government impact on industry ... EF59
  - Risks, economic ... EF33
- Canadian Association of Petroleum Producers
  - Presentation on bitumen royalty-in-kind (BRIK) program ... EF59
- Canadian National Railway
  - Presentation on high-speed rail ... EF261

Urban public transportation systems, as requirement ... EF266

## High-speed rail service feasibility – Design and construction

Capital costs ... EF265-66

Capital costs, risks in forecasting ... EF273

Infrastructure, tracks, and crossings ... EF266

## High-speed rail service feasibility – Finance

Economic analysis ... EF266-67, 273, 275

Funding sources ... EF267

Funding sources, government ... EF267, 273

Funding sources, government, comparison with other jurisdictions ... EF273

Operating costs ... EF267

Private funding ... EF267

Public investment, other jurisdictions ... EF267

Public-private partnerships (P3) (proposed) ... EF273

## High-speed rail service feasibility – Land use

Impact on rural areas ... EF267, 279

Route alignment options ... EF265-66, 267

Route alignment options, greenfield routes ... EF279

## Railroads

Passenger service, Edmonton to Calgary ... EF284

Transportation of freight ... EF283-84

## Railroads – Rolling stock

Options ... EF266

Technology ... EF266

## Transportation

Private/public investment ... EF267

**Saltvold, Jim (participant, Red Deer public meeting on high-speed rail)**

## Airlines

Service optimization ... EF359

## Alberta High-Speed Rail (2005) Inc.

General remarks ... EF358-59

## Buses

Service optimization ... EF359

## High-speed rail service feasibility

Impact on other provincial projects (opportunity cost) ... EF358, 359-60

Long-term planning ... EF358-59

Timeliness of project ... EF358

**Saltvold, Jim (participant, Red Deer public meeting on high-speed rail) (continued)**

## High-speed rail service feasibility – Finance

Cost-benefit analysis, comparison to other modes of transportation ... EF359

Funding sources, electronic toll roads (proposed) ... EF359

Private operation, feasibility of ... EF358-59

Public ownership (proposed) ... EF358

## High-speed rail service feasibility – Land use

Impact on rural areas ... EF359

## High-speed rail service feasibility – Public input

Public meeting, Red Deer ... EF358-60

## Highway 2

Electronic toll roads (proposed) ... EF359

**Sandhu, Peter (Ind. from May 14; previously PC; Edmonton-Manning)**

## IHS CERA

Report on bitumen upgrading economics, submission of ... EF61

## Value Creation Inc.

Written submission from, proposal for additional ... EF60

**Sarich, Janice (PC, Edmonton-Decore)**

## 55 Plus Summer Games

Funding ... EF102

## Alberta Association of Municipal Districts and Counties

Presentation on high-speed rail ... EF301

## Alberta Chambers of Commerce

Presentation on high-speed rail ... EF244

## Alberta High-Speed Rail (2005) Inc.

Presentation on high-speed rail ... EF323

## Alberta Sport, Recreation, Parks and Wildlife Foundation

Funding ... EF102

## Alberta Summer Games

Funding ... EF102

## Alberta Urban Municipalities Association

Presentation on high-speed rail ... EF301

## Alberta Winter Games

Funding ... EF102

## Amtrak Corp.

Presentation on high-speed rail (proposed) ... EF251

## Bitumen royalty in kind (BRIK) program review – Report by committee

Report, draft, motion to approve changes to wording of recommendations for final report (Dorward: carried) ... EF204-5

## Bombardier

General remarks ... EF371

Presentation on high-speed rail ... EF314-15

## Calgary

Presentation on high-speed rail ... EF289

## Calgary Economic Development

Presentation on high-speed rail ... EF244

## Canadian National Railway

Presentation on high-speed rail ... EF274-75

## Canadian Pacific Railway

Presentation on high-speed rail ... EF275

## Canadian Rail Research Laboratory

Presentation on high-speed rail ... EF314-15

## Committee on Alberta's Economic Future, Standing

Panel presentations, name tags for committee members (proposed) ... EF303

## CPCS

Presentation on high-speed rail ... EF274-75

## Demographics

Population ... EF235

**Sarich, Janice (PC, Edmonton-Decore) (continued)**

- Economic diversification
  - Tourism, parks and recreation as ... EF103
- Edmonton
  - Land annexation (proposed) ... EF289
  - Presentation on high-speed rail ... EF289
- Edmonton Economic Development Corporation
  - Presentation on high-speed rail ... EF244
- Estimates of supply, main
  - Schedule, motion to accept proposed (Luan: carried), recorded vote ... EF88, 89, 90
- High-speed rail service feasibility
  - Highway 2, impact on ... EF355
  - Impact on urban densification ... EF289
  - Integration with local/regional transit systems (multimodal transit) ... EF352
  - Long-term planning ... EF375
  - Potential corridors beyond Edmonton-Calgary ... EF298
  - Reports, updating of ... EF221, 226
  - Safety issues ... EF341-42
  - Timeliness of project ... EF361
  - Transportation of vehicles (proposed) ... EF355
  - Urban public transportation systems, as requirement ... EF236, 244
- High-speed rail service feasibility – Design and construction
  - At-grade/elevated/below ground construction ... EF323
  - Engineering issues, cold-weather ... EF362, 371
  - Infrastructure needs ... EF323
  - Staged development, connection of economic/transportation hubs ... EF244
- High-speed rail service feasibility – Environmental aspects
  - Comparison to other modes of transportation ... EF315
  - Electric power use ... EF368
- High-speed rail service feasibility – Finance
  - Economic analysis ... EF235, 274-75
  - Fare analysis ... EF338
  - Funding sources ... EF364
  - Funding sources, toll roads (proposed) ... EF364
  - Private operation, feasibility of ... EF323

- High-speed rail service feasibility – Land use
  - Impact on rural areas ... EF352, 361
  - Land acquisition ... EF235, 244
  - Land acquisition, compensation for ... EF355
  - Land acquisition, cost of ... EF345
  - Route alignment options, greenfield routes ... EF274-75
  - Route alignment options, highway 2, alignment with ... EF371
  - Route alignment options, highway 2, east of ... EF362
  - Route alignment options, highway 2, west of ... EF365
  - Route alignment options, track sharing with freight operations ... EF314, 352
  - Route alignment options, track sharing with railway operations ... EF341-42
- High-speed rail service feasibility – Public input
  - Locations for oral presentations ... EF210
  - Oral presentations, guidance to stakeholders ... EF212, 226

**Sarich, Janice (PC, Edmonton-Decore) (continued)**

- High-speed rail service feasibility – Public input (continued)
  - Oral presentations, preparation of schedule for review, motion to approve (Bhardwaj: carried) ... EF213
  - Public meeting, Calgary ... EF337-38, 341-42
  - Public meeting, Edmonton ... EF371, 375
  - Public meeting, Red Deer ... EF352, 355, 360-61, 362, 364, 365, 368
  - Public meetings (proposed) ... EF326
  - Public meetings (proposed), advertising ... EF330
  - Written submissions, request for ... EF213
- High-speed rail service feasibility – Red Deer
  - Connection with high-speed rail service, potential for ... EF301
  - Terminal location, proposed ... EF352
- High-speed rail service feasibility – Review
  - Committee to study feasibility of high-speed rail transit system to be built in phases, motion to amend to replace “between Edmonton and Calgary” with “in phases” (Pastoor: carried) ... EF210
  - Scope of review, framework vs. feasibility study ... EF226
  - Written submissions ... EF329
  - Written submissions, public availability of ... EF329
  - Written submissions, unsolicited ... EF330
- High-speed rail service feasibility – Stakeholder presentations
  - Stakeholder panels, aboriginal and environmental issues ... EF224
  - Stakeholder panels, committee guidance to stakeholders ... EF213
  - Stakeholder panels, railway infrastructure and engineering, committee to invite Magnovate Technologies and Alberta High-Speed Rail (2005) Inc. to make presentations on February 5, 2014, motion to approve (Hehr: carried) ... EF250-51
  - Stakeholder panels, technology ... EF224, 225
  - Stakeholder panels list, revision to ... EF251
  - Stakeholders, draft list, preparation for review by December 6, motion to approve (Sarich: carried) ... EF210, 212, 213
- Highway 41
  - Transportation/utility corridor (proposed) ... EF244
- Light rail transit – Calgary
  - Connection to high-speed rail system, potential for ... EF301
- Light rail transit – Edmonton
  - Connection to high-speed rail system, potential for ... EF289, 301
- Light rail transit – Fort McMurray
  - Potential for ... EF298
- Magnovate Technologies
  - Presentation on high-speed rail ... EF323
- Ministry of Tourism, Parks and Recreation
  - Main estimates 2013-2014 and business plan consideration ... EF101-3
  - Results-based budgeting ... EF102
- Ministry of Transportation
  - 50-year transportation strategy ... EF221, 244
  - Presentation on high-speed rail ... EF221
- Off-road vehicles
  - Tourism development ... EF101
- Public transit – Fort McMurray
  - Connection to high-speed rail system, potential for ... EF301

**Sarich, Janice (PC, Edmonton-Decore) (continued)**

- Public transit
  - Multimodal systems ... EF360
- Railroads
  - Safety issues ... EF275
- Recreation
  - Physical activity promotion (Active Alberta) ... EF102
- Red Deer
  - Presentation on high-speed rail ... EF301
- Siemens Canada
  - Presentation on high-speed rail ... EF314
- Siemiatycki, Dr. Matti (associate professor, University of Toronto)
  - Presentation on high-speed rail ... EF235-36
- Sports
  - Funding for elite athletes (Podium Alberta) ... EF102
- Trails
  - Legislation (proposed) ... EF101
- Transportation
  - Emerging technologies ... EF337-38, 362
- Transportation – Mountain View county
  - Regional planning ... EF368
- Transportation Economics & Management Systems, Inc. (TEMS)
  - Presentation on high-speed rail ... EF274-75
- Transportation/utility corridors
  - Planning ... EF244
- Van Horne Institute
  - Presentation on high-speed rail ... EF274-75
- Wood Buffalo, regional municipality of
  - Presentation on high-speed rail ... EF298

**Saskiw, Shayne (W, Lac La Biche-St. Paul-Two Hills)**

- Committee on Public Accounts, Standing
  - Meetings during estimates consideration ... EF85, 88
- Estimates of supply, main
  - Committee consideration, concurrent meetings ... EF85
  - Schedule, motion to accept proposed (Luan: carried), recorded vote ... EF85, 88
  - Time allotted per ministry, motion to accept proposed (Bhardwaj: carried), recorded vote ... EF85, 87

**Sawchuk, Karen (Committee Clerk)**

- Amtrak Corp.
  - Presentation on high-speed rail (proposed) ... EF251, 252
- Bitumen royalty in kind (BRIK) program review
  - Background presentations by Ministry of Energy and North West Upgrading, motion on timeline for (Jansen: carried) ... EF15
  - Research support ... EF14-15
- Bitumen royalty in kind (BRIK) program review – Public input
  - Oral presentations, selection of stakeholders for ... EF14-15
  - Written submissions, deadline extension ... EF36
  - Written submissions, invitations to stakeholders for ... EF36
  - Written submissions, invitations to stakeholders for, motion on (Bhardwaj: carried) ... EF14-15
  - Written submissions, public availability, motion to post on external committee website (McDonald: carried) ... EF37
- Committee on Alberta's Economic Future, Standing
  - Administrative support ... EF3
  - Panel presentations, name tags for committee members (proposed) ... EF303

**Sawchuk, Karen (Committee Clerk) (continued)**

- High-speed rail service feasibility – Public input
  - Public meetings (proposed), advertising ... EF328
  - Public meetings (proposed), dates ... EF329
- High-speed rail service feasibility – Review
  - Written submissions, unsolicited ... EF330
- High-speed rail service feasibility – Stakeholder presentations
  - Stakeholder panels, railway infrastructure and engineering, committee to invite Magnovate Technologies and Alberta High-Speed Rail (2005) Inc. to make presentations on February 5, 2014, motion to approve (Hehr: carried) ... EF250, 251
  - Stakeholder panels list, revision to ... EF251-52
- SNC Lavalin
  - Presentation on high-speed rail (proposed) ... EF251
- Value Creation Inc.
  - Cancellation of presentation by ... EF62
  - Written submission from, proposal for additional ... EF62

**Schmal, John (participant, Calgary public meeting on high-speed rail)**

- High-speed rail service – United States – California
  - General remarks ... EF333-34
- High-speed rail service feasibility
  - Operation by existing railway companies (proposed) ... EF334
- High-speed rail service feasibility – Finance
  - Cost-benefit analysis, urban vs. rural ... EF335
  - Private operation, feasibility of ... EF333-34, 335
- High-speed rail service feasibility – Land use
  - Route alignment options, greenfield routes ... EF334
- High-speed rail service feasibility – Public input
  - Public meeting, Calgary ... EF333-35
- Light rail transit – Calgary
  - Connection to high-speed rail system, prebuild ... EF335
- Railroads
  - Passenger service, Edmonton to Calgary ... EF333

**Schmidt, Marty (participant, Red Deer public meeting on high-speed rail)**

- Freehold land
  - Rights of way, air space ... EF366
- High-speed rail service feasibility
  - Long-term planning, risk analysis ... EF366
- High-speed rail service feasibility – Land use
  - Route alignment options ... EF366
- High-speed rail service feasibility – Public input
  - Public meeting, Red Deer ... EF366

**Scholz, Peter (participant, Calgary public meeting on high-speed rail)**

- High-speed rail service feasibility
  - Feasibility studies, 2004 and 2010 ... EF338
  - Implementation proposal ... EF338
  - Timeliness of project ... EF338
- High-speed rail service feasibility – Finance
  - Public investment vs. road infrastructure investment ... EF339
- High-speed rail service feasibility – Public input
  - Public meeting, Calgary ... EF338-39
- Transportation
  - Provincial long-term plan ... EF338

**Sendall, Richard (Senior Vice-president, Strategy and Government Relations, MEG Energy)**

- Bitumen – Upgrading – Economic aspects
  - Price differentials, light/heavy oil (bitumen bubble) ... EF74
- Transportation economics ... EF74

**Sendall, Richard (Senior Vice-president, Strategy and Government Relations, MEG Energy) (continued)**

- Bitumen – Upgrading – Refineries
  - Cancellation of projects ... EF74
- Bitumen royalty in kind (BRIK) program – Economic aspects
  - Government impact on industry ... EF74
  - New projects ... EF75–76
  - Public- and private-sector development ... EF74
- Energy industry – United States
  - Bakken oil formation, impact ... EF74
- Pipelines – Construction
  - Economic impacts ... EF74
- In Situ Oil Sands Alliance
  - Presentation on bitumen royalty-in-kind (BRIK) program ... EF74–76

**Sennema, John (Manager of Land and Economic Development, City of Red Deer)**

- High-speed rail service feasibility – Red Deer
  - Connection with high-speed rail service, potential for ... EF301–2
- Red Deer
  - Overview ... EF294–95
  - Presentation on high-speed rail ... EF294–95, 300–302
- Red Deer – Transportation
  - Regional transit system ... EF300

**Shelly, Neil (Executive Director, Alberta's Industrial Heartland Association)**

- Alberta's Industrial Heartland Association
  - Presentation on bitumen royalty-in-kind (BRIK) program ... EF49–55
- Bitumen
  - Prices for non-upgraded bitumen ... EF50
- Bitumen – Export
  - Environmental regulations as nontariff trade barriers ... EF50–51
- Bitumen – Export – China
  - Refineries ... EF50
  - Supply and demand ... EF50
- Bitumen – Export – India
  - Refineries ... EF50
- Bitumen – Export – United States
  - Environmental regulations ... EF50–51
- Bitumen – Royalties
  - Impact on industry development ... EF51, 52
- Bitumen – Upgrading
  - Bitumen royalty-in-kind (BRIK) program, alternatives to (proposed) ... EF52
  - Forecasts, statistics ... EF49
  - History ... EF49
- Bitumen – Upgrading – Economic aspects
  - Incentive programs for upgraders (proposed) ... EF52, 53
  - Labour and capital costs ... EF53
  - Price differentials, light/heavy oil (bitumen bubble) ... EF49–50
  - Risks for upgrader operators, member's request for information ... EF54
- Bitumen – Upgrading – Environmental aspects
  - Environmental leadership potential ... EF50
  - Regulatory approvals ... EF52
  - Water use ... EF54, 55
- Bitumen – Upgrading – Products
  - Local markets ... EF51–52
  - Western Canadian select (bitumen with diluent) ... EF50

**Shelly, Neil (Executive Director, Alberta's Industrial Heartland Association) (continued)**

- Bitumen – Upgrading – Refineries
  - Cancellation of projects ... EF49, 51, 53
  - Capacity for non-upgraded bitumen ... EF50
  - Existing refineries ... EF50
- Bitumen royalty in kind (BRIK) program – Economic aspects
  - Benefits ... EF50
  - Diversification ... EF51
  - Economic competitiveness ... EF52
  - Market diversification ... EF50
- Bitumen royalty in kind (BRIK) program – Environmental aspects
  - Risks, regulatory approvals ... EF52
- Bridges – Highway 63
  - Heavy-haul corridor (proposed) ... EF52
