

Guide to the 2019-2020 Speaker Index

Committee mandate: The Standing Committee on Private Bills and Private Members' Public Bills is an all-party committee consisting of 11 members. The committee reviews all petitions for private bills, hears from the petitioner and any other persons interested in the bill, and reports to the Assembly on that review. For more information please refer to the [Petitioner's Guide to Private Bills](#). All public bills other than government bills (private members' bills) are also referred to the committee. The committee must report back to the Assembly within eight sitting days of the bill having been referred.

There are two indexes for the transcripts of meetings of the Standing Committee on Private Bills and Private Members' Public Bills, a **subject index** and a **speaker index**. Interim indexes are unedited and are not considered official. Committee activities during the 30th Legislature, First Session (May 21, 2019 – February 24, 2020) are as follows.

Abbreviations

Political parties

NDP	New Democratic Party
UCP	United Conservative Party

Abbreviations not included in the above list are in the subject index in alphabetical order.
