EMERGENCY DEBATE

Failure to ensure the construction of the Trans Mountain Expansion Project given the recent announcement by Kinder Morgan to suspend non-essential spending on the pipeline until May 31, 2018.

(Hon. Mr. Kenney)

Oral notice given	66
Request for leave to proceed in order, debate and adjournment	67

Impact of the significant recent increase in the oil price differential, its negative impact on Alberta jobs and the economy, and measures that can be taken to ensure that pipelines are built following the delay or cancellation of several recent major projects.

(Mr. Panda)

Oral notice given	296
Request for leave to proceed in order, debate and adjournment	297

Protection of Alberta taxpayers from skyrocketing clean up and reclamation liabilities for the oil and gas industry, given that cost estimates could be as high as \$260 billion, raising questions about the adequacy of the Orphan Well Program and the Mine Financial Security Program, and considering that the Alberta Energy Regulator and the Alberta Government have provided conflicting estimates that differ by more than \$200 billion.

(Dr. Swann)

Oral notice given	272
Request for leave to proceed not in order	272

What measures must be taken to ensure that construction of the job-creating Trans Mountain Expansion Project is completed given the recent Federal Court of Appeal ruling and diminished investor confidence in Alberta's energy industry.

(Mr. Nixon)

Oral notice given	242
Request for leave to proceed in order, debate and adjournment	245

What measures must be taken to ensure that construction of the Trans Mountain Expansion Project is completed following the withdrawal of Kinder Morgan, the recently announced deal with the Government of Canada, and the declaration of continued opposition and uncertainty from the NDP Government of British Columbia.
